MOSCOW CLAIMS OFFENSIVE SLOWING UP

NUMEROUS DIVISIONS WIPED OUT

Russian War Dispatches Indicate That the Fighting Again is Developing Into Isolated Actions and That German Armies Which Spurted in Large Numbers of Areas Again Have Been Halted

BERLIN INTIMATES A SHOWDOWN IMPENDING

BULLETINS

Moscow, Aug. 14—(AP)—The Russian army reported today that the German 39th tank corps, 11 other divisions and 13 regiments have been routed on the western and southwestern sectors of the front and that the situation again had become stable and quiet. The army newspaper, Red Star, estimated that 21 other German divisions had suffered more than 50 per cent losses.

Berlin, Aug. 14—(AP)—The weather again has turned rainy in the Ukraine and German sources said this may mean a slowdown of action on that front.

BY HENRY C. CASSIDY

Moscow, Aug. 14—(AP)—The German offensive is being smashed, Pravda, Communist party organ, declared today in explanation for Soviet communique reports that there was no important change in the front.

Russian war dispatches indicated that fighting again was developing into isolated actions and that German armies which spurted yesterday in the areas of Kakisalmi, Staraya Russa, Smolensk and Bel Tserkov again have been halted.

"Behind the modest Soviet reports," said Pravda, "lie great and serious events.

"No important changes occurred in the disposition of troops because the German offensive is being smashed by the mighty resistance of the Red Army, exhausting the German forces.

"Simultaneously, however, very important changes are taking place in the composition of the German army.

"In the western direction, many German divisions already have been annihilated and only countless graves recall the existence of these divisions. Dozens of other divisions, after several battles with the Red Army, have lost nearly half,

DARLAN MAKES A PLEA TO NATION

Vichy, Unoccupied France, Aug. 14—(AP)—Vice Premier Jean Darlan, in his new role as minister of national defense, told France's land, sea and air forces today that he will lead them along the road designated by Chief of State Petain.

Darlan's message was contained in an order of the day broadcast to the empire as newspapers from Nazi-occupied Paris indicated belief that defense powers both at home and overseas now concentrated in Darlan's hands give him complete power over colonial commanders-in-chief.

Darlan, who wields military power greater than any French leader since Napoleon, told his soldiers, sailors and airmen:

"I know I can count on the devotion of all to the cause of France so nobly defended by the marshal.

"Everyone can count on me to

News Creates But a Mild Stir In Berlin

Berlin, Aug. 14—(AP)—The official news agency, DNB, soon after Clement Attlee's broadcast of the meeting between President Roosevelt and Prime Minister Churchill, distributed this single sentence under a New York dateline:

"The White House announced officially that Roosevelt and Churchill have met secretly on the high sea and agreed on a 'common declaration of war aims.'"

SHARP RISE IN WORK STOPPAGE GIVES CONCERN

Strike Threats in Telephone And Aluminum Industries Add to Anxieties of National Defense Officials And War Department

VITAL ORDERS HELD UP

By the Associated Press

Strike threats in the telephone and aluminum industries added to day to the anxieties of national defense officials, while a labor dispute in a New Jersey propellor factory was turned over to the Mediation Board.

War Department officials already had expressed grave concern over a sharp increase in work stoppages. As of last Tuesday, they said, 30 strikes were holding up production of army equipment, and 23,400 workers were idle, compared with an average of 14,000 idle since early June.

The CIO Aluminum Workers Union told Secretary of Labor Perkins last night that 20,000 workers would strike at five key plants of the Aluminum Company of America (Alcoa) to support demands for elimination of north-south wage differentials, unless the government intervened in the dispute. No date was set for the projected walkout.

The telephone labor dispute at present involves only the installation department of the huge Bell system, but if a strike is called and other employes decided not to cross picket lines, union leaders pointed out that a complete tie-up of the Bell system was conceivable.

In certifying to the Mediation Board a strike of AFL machinists against the Curtiss-Wright propeller division at Caldwell, N. J., Secretary Perkins took cognizance of delays in production of $100,000,000 worth of vital defense orders.

Another conference was scheduled in Washington today between Navy Secretary Knox and L. H. Korndorff, president of the Federal Shipbuilding and Dry Dock Company, on the latter's offer to turn the firm's strikebound shipyard at Kearny, N. J., over to the navy for immediate operation. Nearly half a billion dollars worth of navy and merchant ship contracts is held up by the CIO-called strike.

Meanwhile at Chicago the railway mediation board began efforts to settle the differences between 1,100,000 railroadmen who demand increased wages, and the nation's

TANKER CARRIES GAS SHIPMENT TO RUSSIA

Washington, Aug. 14—(AP)—Petroleum Coordinator Ickes announced today the first shipment of aviation gasoline to Russia aboard an American tanker would leave Los Angeles today for Vladivostok, flying the United States flag.

"Other tankers will leave shortly," he said.

Ickes reported at his press conference, also, that deliveries of gasoline in the east were up 8 per cent last week, despite the night time "blackout" of filling stations and he said "more rigid steps" may be expected immediately to curtail gasoline consumption on the Atlantic seaboard, where a shortage has been forecast.

JAP VICE PREMIER ATTACKED

Baron Kiichiro Hiranuma, 75-Year-Old Minister Without Portfolio, is Struck in Chest and Jaw By Pistol Bullets Fired by Young Assassin Who is Later Apprehended by Victim of the Assault

CONSIDERED MAINSTAY IN REFORMED CABINET

Tokyo, Aug. 14—(By telephone to New York)—(AP)—Baron Kiichiro Hiranuma, 75-year-old vice premier and minister without portfolio, was struck in the chest and jaw this morning by pistol bullets fired by a 33-year-old assassin. Hiranuma's condition was reported as serious.

Hiranuma has been regarded as a mainstay of the cabinet of Premier Prince Fumimaro Konoye and definitely a moderating influence.

Observers said, therefore, that the fact that such an attack should occur was not considered a good sign in a time of tense international relations.

The attacker, identified as Naohiko Nishiyama, 33, called at Hiranuma's home before 8 a. m. today and gained access under the pretext that he wished the vice premier's autograph on a roll of parchment. Nishiyama hails from Okayama prefecture, the same as Hiranuma does.

He pulled a pistol from the roll and fired three shots in all, authorities reported. The first missed but the others struck Hiranuma in the jaw and chest.

Despite his age and his wounds, the vice premier pursued the attacker out of the house and succeeded in catching him at the gate where, with the aid of the gatekeeper, Nishiyama was held until further help arrived.

Shortly after the attempt on Hiranuma's life was announced former Foreign Minister Yosuke Matsuoka returned to Tokyo from his summer villa.

Baron Hiranuma, who was born Sept. 28, 1865, was premier from Jan. 5 to Aug. 28, 1939. He resign-

MUST BE A WIZARD

Pittsburgh, Aug. 14—(AP)—Frederick Metzgar Potts, son of a Greensburg lawyer, filed a bankruptcy petition listing liabilities of $114,550. Potts, who described himself as a laborer on his father's farm, claimed his assets were $20 in cash and $10 watch. He estimated his earnings for the past two years at $100.

ALTOONA GREETS LEGIONNAIRES

Altoona, Aug. 14—(AP)—William C. Bullitt, former ambassador to France, told the Pennsylvania convention of American Legion today it was impossible for the United States to live in isolation "because Germany, Italy and Japan are leagued against us and are determined to dominate the earth including America."

Altoona, Aug. 14—(AP)—Flag-bedecked Altoona, which prides itself as "the friendlier city," today welcomed Pennsylvania Legionnaires opening their 23rd state convention.

The official address of welcome by Mayor Charles E. Rhodes brought responses from leaders of the Legion and its affiliates, the auxiliary, Forty and Eight and Eight and Forty, which are holding their conventions concurrently.

PRICE OF PENN'A CRUDE BOOSTED 23 AND 25 CENTS

Price of Pennsylvania grade crude oil was increased 23 and 25 cents per barrel today, bringing the top price to $2.98 per barrel, according to information received by local refineries.

The new prices, following the trend of increased demands for refined products, were expected to be posted by the major purchasing agencies before the end of the day.

According to information received here, the price of Bradford, Allegany and National Transit crude was advanced 23 cents per barrel, bringing them to $2.98. South West Pennsylvania and Eureka were advanced 25 cents, bringing them to $2.65 and $2.59, respectively.

This is the first advance in Pennsylvania crude since June 18, although there has been an ever-

Milk Producers Insist On Higher Prices To Meet Soaring Expenses

Dairy Farmers of State Facing One of Most Critical Periods Since World War, Representative Declares in Harrisburg

HEARINGS ARE OPENED

Harrisburg, Aug. 14—(AP)—Representatives of milk producers in Pennsylvania's smaller marketing areas declared today that prices received for their product must be increased to meet rising production costs.

"Dairy farmers of the state are facing one of the most critical periods since the World War," said F. B. Willets, representative of the Interstate Milk Producers Cooperative, and farmers in the Lancaster, Huntingdon and Altoona areas.

Willets, testifying before the Milk Commission as it opened hearings on producer wholesale and retail prices, said much of the increased production cost was caused by the existing national emergency.

PARLEY IS HELD BY LITTLE STEEL

Pittsburgh, Aug. 14—(AP)—Sixty-five leaders of CIO Steel Workers Organizing Committee locals in "little steel" plants were summoned here today to formulate contract demands.

The union leaders are those from certain plants of the Bethlehem Republic and Inland Steel Corporations and the Youngstown Sheet & Tube Corporation.

The Bethlehem, Republic and Youngstown companies have agreed to negotiate contracts with the SWOC after the union has proven a majority membership. The SWOC has won National Labor Board elections at six Bethlehem steel plants. Union majorities at Republic and Youngstown Sheet and Tube plants would be determined through a cross-check of union membership records and company payroll records.

FOES CONCEDE ENACTMENT OF EXTENSION BILL

Washington, Aug. 14—(AP)—In an optimistic frame of mind, senate administration leaders sought final congressional action today on the army service extension bill, so that it could be sent to the White House by mid-afternoon.

Foes of the controversy-laden legislation virtually tossed in the sponge, conceding that they could do nothing more to forestall enactment.

The strategy was to have the senate accept, in lieu of its own previously-approved measure, the version which the house passed by the hair breadth margin of one vote in a dramatic 203 to 202 roll call Tuesday night.

Only very minor differences distinguish house and senate drafts of the bill. The main provisions are

DEMONSTRATIONS IN UNOCCUPIED FRANCE

Vichy, Unoccupied France, Aug. 14—(AP)—Paris newspapers disclosed today that police fired on demonstrators yesterday at the porte St. Denis, wounding some of them, and that 16 others were arrested at the Gare St. Lazare, a main railroad station.

The newspaper Aujourdhui said those involved were "solely Jews and foreigners."

(A German broadcast, heard in New York, said Communists provoked the incident and that all arrested persons were Jews.)

STILL COOL

Pittsburgh, Aug. 14—(AP)—Continuing low temperatures broke another record in the Pittsburgh district early today as the mercury slipped to 52 degrees, two below the previous record for the day set Aug. 14, 1916. Yesterday's low, also a new low mark, was 49. Weatherman W. S. Brotzman said that higher temperatures would return today and that showers could be expected tomorrow.

U. S. IS PLEDGED TO AID RUSSIAN-BRITISH CAUSE ON ALL FRONTS

By the Associated Press

Roosevelt, Churchill meet at sea, pledge fight to achieve "final destruction of Nazi tyranny," reach 8-point agreement on post-war aims; Anglo-American leaders call for disarmament of aggressor nations, no territorial changes imposed by force.

Moscow press says German offensive being smashed, with "myth of invincibility of German arms crushed once and forever;" Hitler's high command says fleeing Russian armies in Ukraine preparing attempt to escape by sea, luftwaffe blasts Red troop transports; Finnish high command reports Soviet troops trying to escape by boats from Lake Ladoga trap, north of Leningrad; Russians admit Germans threaten Moscow-Leningrad railway line; loss of Smolensk acknowledged.

French Vice-Premier Darlan promises to lead France's land, sea and air forces as designated by Chief of State Petain.

PARLEY HELD AT INVITATION OF PRESIDENT

BY DREW MIDDLETON

London, Aug. 14—(AP)—The United States is now pledged to the reconstruction of post-war Europe and the support of the Russian-British cause on every front, informed British sources said today in reviewing the jointly-issued Roosevelt-Churchill statement.

Things left unsaid in the statement are regarded as fully as important as those of the eight-point joint declaration.

Omission of reference to Japan "implies that Japan was one of the main points of discussion," a Japanese diplomat admitted.

British informant said the meeting was at Mr. Roosevelt's invitation.

The Japanese source said that the tempo of the Japanese advance in South Asia was slowed even as rumors of the historic meeting between the British and

DESTRUCTION OF NAZI TYRANNY FOREMOST AIM

Washington, Aug. 14—(AP)—President Roosevelt and Prime Minister Winston Churchill of Great Britain, after a secret meeting at sea, joined in a declaration of general war aims today which voiced a determination to achieve "the final destruction of the Nazi tyranny."

A White House announcement embodying the eight-point joint declaration, said the two national leaders, with their high ranking military chieftains, examined "the whole problem of the supply of munitions of war" for "those countries actively engaged in resisting aggression."

STILL AT SEA!

Washington, Aug. 14—(AP)—As far as Washington knew today, President Roosevelt was still at sea. The joint declaration of policy by the president and British Prime Minister Winston Churchill was radioed to the White House, for release here, from a point unknown to the public.

These covered the supply problems of the Soviet Union. Lord Beaverbrook, British minister of supply, is coming to Washington to discuss further details.

In several conferences, the announcement said, they "considered the dangers to world civilization arising from the policies of military domination by conquest upon which the Hitlerite government of Germany and other governments associated therewith have embarked."

The statement said they "made clear the stress (explained here as probably meaning steps) which their countries are respectively taking for their safety in the face of these dangers."

(The text, as issued in London, used the word "steps" instead of "stress.")

The joint declaration, constituting the most concrete war aims yet disclosed on the British side, set out "certain common principles in the national policies of their respective countries on which they base their hopes for a better world.'"

The president and prime minister declared their belief after their

COSTS OF LIVING HIT A NEW HIGH

Harrisburg, Aug. 14—(AP)—The cost of living in Pennsylvania rose this summer to the highest level since September, 1937, the Department of Labor and Industry said today. A further increase was predicted.

No Details Of Historic Meeting Are Contained In Announcement

Washington, Aug. 14—(AP)—The White House announcement today that President Roosevelt and British Prime Minister Winston Churchill held a momentous conference at sea gave no hint of where in vast north Atlantic the unprecedented meeting took place.

A joint statement from the two said "several conferences" were held indicating that Roosevelt and Churchill may have been together several days. From Saturday until this morning there was no published word from the president's party which sailed on the U. S. S. Potomac August 3.

The statement said that Lord Beaverbrook, British minister of supply, and high ranking officer of military naval and air forces of the two countries also were present. The latter group presumably included General George C. Marshall, United States Army chief of staff; Admiral Harold C. Stark, United States Navy operations chief; and Major-General H. H. Arnold, chief of United States Army air forces.

Harry L. Hopkins, the lease-lend administrator, was not mentioned specifically, but there was reason to believe that he, too, was present, probably accompanied by his principal aide, Major-General James H. Burns.

How Prime Minister Churchill and his aides went to the meeting as well as the place of meeting, were kept secret in London.

Speculation regarding the prime minister's present whereabouts was not permitted in England.

ALUMINUM FACTORIES FACE STRIKE THREAT

Pittsburgh, Aug. 14—(AP)—A CIO union notified Secretary of Labor Perkins today that a strike would be called at the five plants of the Aluminum Company of America unless the government intervenes in the dispute over north-south wage differentials.

The action followed a breakdown of conferences on the CIO Aluminum Workers' demand that the 8,000 employes of the company's plants at Badin, N. C., and Alcoa, Tenn., who now receive a minimum of 55 cents an hour, be paid on a par with workers in the northern plants. Minima at the Edgewater, N. J., and Detroit plants are 75 cents hourly, and 73 cents at the nearby New Kensington plant.

The company which employes a total of 20,000, is producing 50,000,000 pounds of aluminum monthly, virtually all of it for defense purposes.

Unmarried Canadians earning $1200 annually pay a flat rate of 7 percent on gross income, the Department of Commerce says.

The new Douglas DC-6 has a range of 1784 miles, a top speed of 274 miles an hour, with a cruising speed of 246 miles an hour. The plane is powered by two 1700 horsepower engines.

GOING BACK 41 YEARS AGO

In connection with the forty-first birthday anniversary of the Times-Mirror observed Wednesday, an exchange prints some reminders of a half century ago which recall the days when this paper first appeared. For instance:

Forty-one years ago—

Folks boiled coffee and settled it with an egg.

Ladies rode sidesaddle.

When preachers uttered a truth, the congregation chorused, "Amen."

Neighbors asked about your family, and meant it.

Folks used toothpicks and were still polite.

Bicycling was the popular recreation.

The neighbors got fresh liver at hog-killing.

Men made the same wife do a lifetime.

Folks were looking forward to the possibility of a centennial celebration.

An evening with dominoes or checkers was exciting, and Mom and Pop chased the kids off to bed at eight o'clock.

Nearly every home had its own garden, and the "butter and egg" woman was a weekly visitor.

Nobody worried about inflation, taxes or a World War.

Forty-one years ago—ho-hum!

Rarely do you have an opportunity to witness a bathing beauty contest, swimming exhibition and horse show in one afternoon, but that is the program offered at the Bundles for Britain Victory Rally at the Logan farm on the Jackson run road Saturday afternoon. Each event will be staged under the expert supervision of persons experienced in the particular entertainment presented, which means not only that everything will be according to schedule but that it will be produced in the best professional manner possible. And while you are enoying the gay festivities of the afternoon you'll be doing your bit toward raising a fund to help war victims in bomb-shattered England.

"The Inquiring Photographer" on one of the Erie papers the other day asked six persons the question "Do you believe that the blowing of automobile horns within the city limits should be illegal?" The sentiment expressed was almost unanimous in favor of outlawing horns, as is indicated by the opening remarks of all those interviewed, which follow: "I think it should be stopped altogether;" "It all depends;" "Yes sir, I believe it should;" "Yes, even at weddings;" "I do. There are many reasons to make unnecessary horn blowing illegal;" "I certainly do."

In case you've heard rumors to the contrary no ceiling has been set on the retail prices of sugar. "There's no shortage in any way," Administrator Henderson declares, explaining that sugar price rises which caused the ceiling to be fixed on raw sugar at 3.5 cents a pound were partly caused "by a group of speculators." He hopes "the housewife buyer will fix a ceiling, as the supplies are ample."

Forty-two business places are participating in Warren Dollar Days, Friday and Saturday, which means that a wider variety of bargains is being offered during this stupendous sales event than ever before in the history of merchandising in Warren. Don't fail to take advantage of the opportunity offered to save money on needed articles.

It is pleasing to note that after years of discussion on the subject plans have been formulated whereby Warren High School pupils desiring the same may take an hour of religious instruction each week, receiving one-half credit toward graduation upon completion of the course in a satisfactory manner.

Those of you who may have been bemoaning the fact that no vacation was in sight may sit back and relax. Members of the House of Representatives in Washington have agreed to dispense with regular business from August 18 to September 15.

An event of more than passing interest to residents of the southern end of the county is the Watson township picnic and homecoming to be held at Sandstone Springs Park Sunday.

Songs in the Air

You may not know the words to the hut-sut song, but the melody lingers on. Keep in tune with these questions about that and other numbers now blaring from the juke boxes.

1. According to the song, what are a raw'son, a rillerah, a brawla and a hut-sut?
2. Who is the answer to a prayer and has a voice like the echo of a sigh?
3. What does the man with the high hat ask in the Treasury Department's current theme song?
4. What are the several things the singer wants from "Daddy"?
5. What comes out here?

HIT HIGH MARK IN TRAINING OF MEN IN DEFENSE

Enrollment in Pennsylvania's defense training courses hit a new high during May, with approximately 20,000 persons listed in nearly 1,000 classes, according to a report released today by Secretary of Labor and Industry Lewis G. Hines.

Continued expansion of the training program to meet increased defense production needs was indicated by the addition of 12 new training centers, bringing the total to 94, and by the establishment of new courses in lens grinding, petroleum refining production and training selection, and the resumption of classes in tool and die making.

Courses offered in the various centers differ according to the industrial make-up of the community, Secretary Hines explained, with programs aimed at meeting specific needs of defense plants in the locality. Thus, the majority of trainees are studying machine tool operation, blueprint reading, welding and metal trades subjects, and the greatest enrollment gains during May were noted in pipe fitting and ship mold loft courses.

The program includes pre-employment training for unemployed persons and supplementary training for those already employed but preparing for more highly skilled defense jobs. A total of 1,300 trainees were placed in jobs during May, the report showed, a gain of approximately five per cent over the April placement figure.

SALVATION ARMY PAPER RECEIVED FROM ENGLAND

A copy of the London Salvation Army War Cry, published July 19th, has just been received by Major B. E. Flinn, who is in charge of the Warren Salvation Army corps.

The publication has been reduced to one printed sheet comprising four pages and most of the space is occupied with material having some bearing on war service or activities connected in some way with morale of citizens and soldiers.

One section is headed "Generosity Warehouse Bulletin" and reads as follows:

"Stocks very low by Thursday owing to consignments to Emergency Centers for relief of raid sufferers.

"Friday, big arrival from United States, Canada and elsewhere; many cases months on the journey.

"Regular consignments being received from U. S., the Dominion, Australia, New Zealand, British West Indies and Malaya. Donating organizations include British War Relief, Allied Relief, Bundles for Britain, Panama British Aid Ladies Committee, Australian Central War Assistance Committee, Canadian Pins and Needles Club, Union Jack Clubs, many schools, and others.

"Dainty American-made layettes of from thirty to fifty pieces, ready for mothers in need."

Warren Salvation Army Home League members completed one of these substantial orders of layettes last February, made entirely in baby blue and pink and have good reason to feel that the reference to "dainty American-made layettes" refers in part to their February shipment.

Workers in the Bundles for Britain and other similar organizations will enjoy reading acknowledgements of substantial gifts through this edition of the London War Cry, Major Flinn said.

U. S. FORESTRY SERVICE SHOWS BUSINESS RISE

Receipts from the sale of timber on Allegheny National Forest during the fiscal year ending June 30, 1941, amounted to more than $32,000 according to Forest Supervisor R. F. Hemingway. One fourth of this amount, or $8,000, will be returned to the four counties in which the forest is located. This is almost double the receipts of a year ago. He said that nearly all of the 460,000 acres of federally-owned lands administered by the Forest Service of the Department of Agriculture are growing substantial amounts of timber. Scattered here and there over the forest are tracts where some of the trees are of harvesting age and should be removed. Thousands of cords of chemical and pulp wood are also continuously available through improvement thinnings.

The trees to be removed are selected in accordance with the sound policy of harvesting the forest crop as it ripens or matures. The cutting of ripe and decadent trees makes room for the younger trees. Leaving an adequate supply of the most healthy and vigorously growing trees insures future crops and gives stability and permanence to wood-using industries.

Mr. Hemingway stated that during the past year, more than eight million board feet of sawtimber and other wood products were marketed from those public lands, while the amount of growth added each year to the smaller trees not yet ready for harvesting is nearly double this figure.

As the smaller trees grow to maturity and are ready for harvesting, the amount of lumber and other forest products obtainable from the forest will rapidly increase and provide raw material for additional wood-using industries.

In short, management of the timber resources on Allegheny National Forest is directed toward production of high quality materials and toward permanency of supply so that the wheels of industry may be kept turning and people steadily and gainfully employed.

DOROTHY MILLER
BRIDE ON TUESDAY

Miss Dorothy Miller and Jay A. McCausland, who are to be wed at 5:30 o'clock next Tuesday afternoon, August 16, in the First Methodist church, extend an informal invitation to all their friends to witness the rites.

Miss Beatrice Koebley, Miss Elizabeth Kinkead and Mrs. Lillian Leonhart were hostesses Tuesday evening at the Koebley home to honor Miss Miller.

A multi-color scheme of decorations was carried out with summer flowers, tall candles and a mock altar. The following guests spent a pleasant evening playing bunco: Myrtle Miller, Helen Carlson, Helen Messner, Pat Casses, Helen Schatzie, Elaine Johnson, Kay Eagan and Mari Driscoll. The bride-elect was showered with lovely gifts for her future home.

GIVES PARTY FOR
FRANCES ARRIGO

Mrs. Peter Yagge entertained at her home Tuesday evening with a kitchen shower which complimented Miss Frances Arrigo, who is to be the bride of William Rhoades on Saturday morning at nine o'clock in St. Clara's church at Clarendon.

A color scheme for decorations was prettily carried out in yellow and white. The young bride-elect received many lovely gifts from the following:

Family Reunions

ANDERSON FAMILY

The Anderson reunion was held August 3 at Mr. and Mrs. Perry Thelin's picnic grove on Miller Hill, with a lovely dinner served to 62 persons from California, Jamestown, Buffalo and Olean, N. Y.; Philadelphia, Bradford, Meadville, Clarendon and Warren.

Mrs. Florence Edward was elected president and Mrs. Lloyd Turner, secretary-treasurer. These officers were asked to select a suitable location for next year's gathering.

ANDERSON DESCENDANTS

The eighth annual reunion of the descendants of James and Isabell Hoop Anderson was held August 9 and 10 at the summer home of Mr. and Mrs. Henry Anderson, this being the former home of William Anderson at Morrison.

During the two days, there were 76 relatives in attendance, some coming as far as Kelson, Wash., and one coming by plane from Lock Haven. Other points represented were Buffalo, N. Y.; Ellamore, W. Va.; Pittsburgh, Erie, Oil City, Warren, Russell, Bradford, Kane, Kinzua, Ludlow.

An old fashioned dance and social time was enjoyed on Saturday night and a picnic dinner was served on the lawn at one o'clock on Sunday, followed by a business meeting in charge of the president, Ralph Rapp. Andrew Bair read minutes of the previous meeting and the following officers were re-elected

President, Ralph Rapp; vice president, Wilmer McArthur; secretary-treasurer, Andrew Bair. The following chairmen were then appointed: Sports, Robert Swanson; entertainment, Mrs. Leon Coffman; Morrison cemetery, Hender Anderson. It was decided to hold the 1942 reunion at the same place on the second Saturday and Sunday in August.

After the business meeting, a short entertainment was enjoyed and a program of sports concluded the day. In the late afternoon, ice cream and cake were served.

It is predicted that during the month of July, 1942, aircraft engines with a total horsepower of 11,000,000 will be produced.

Mary Taylor Names Date For Marriage To Kenneth Carlson

Mrs. William P. Taylor, 600 Henry street, entertained at her home Wednesday evening with a charming party which complimented her daughter, Miss Mary, and made known that Miss Taylor has chosen September 13 for her wedding day.

She is to become the bride of Kenneth E. Carlson, of Cleveland, O., son of Albert Carlson, 109 Miller street, Sheffield, the ceremony to be performed in the First Presbyterian church here. The young people will make their home in Cleveland, where Mr. Carlson, graduate of Sheffield High School, has employment. The bride-elect, local high school graduate, is an employe of the New Process Company.

Guests invited to learn of the approaching marriage were the Misses Martha Schwartz, Elaine Koebley, Mary Betty Trusler, Katherine Lawson, Janet Ross, Angeline Cosentino, Bernice and Gladys Taylor, Mrs. Jane Jones, Mrs. Meredith Clark, Mrs. Marjorie Barrett, Warren; Mrs. Margaret Briggs, North Warren; Mrs. Helen Peterson and Mrs. Virginia Jones, Sheffield; Mrs. Elise Stuart, Sugar Grove; Mrs. Gladys Carlson, Harrisburg; Mrs. Marguerite Spencer, Youngsville.

For a pleasant evening of games, prizes were awarded to Mrs. Barrett, Miss Bernice Taylor and Mrs. Carlson. To conclude, refreshments were served from a table appointed in yellow and white, attractively centered with flowers and presided over by Miss Schwartz and Miss Trusler. Announcement of the marriage date was revealed in capsules attached by dainty white ribbon to individual yellow rose favors.

SOIL BUILDING RATES RECEIVED IN THIS COUNTY

The Warren County Agricultural Conservation Committee has just received an announcement of the soil-building allowance rates which will be the basis for determining maximum payments which farmers may earn by carrying out soil-building practices under the 1942 Agricultural Conservation Program. The rates will be substantially the same as in 1941.

Farmers may earn two types of payments under the farm program, the committee stated: (1) payment for carrying out approved soil-building practices, and (2) a payment for planting within special crop allotments, in Pennsylvania, for corn, wheat, tobacco, potatoes, and commercial vegetables.

For the 1942 program the farmers' allowance will be computed on the basis of the following rates:

70 cents per acre of cropland not included in special crop allotments for the farm.

40 cents per acre of non-crop pasture land for each acre in excess of one-half the cropland.

$2 per acre of orchards. In 1941 the rate for orchards is $1.80 per acre.

$1 per acre of commercial vegetables normally grown on the farm.

Included in the 1942 program, as in 1941, will be a special allowance of $15 which farmers may earn by planting forest trees. This payment will be in addition to any other allowance which may be computed for the farm. The 1942 program continues the $20 minimum payment which may be earned on any farm. The $20 minimum payment does not include the tree planting allowance.

While there are only minor changes in the soil-building allowance rates, officials pointed out that final provisions of the 1942 program when drafted will increase the emphasis on conservation and soil-building work on individual farms.

With Our Boys At Indiantown Gap

BY FRANK FITZPATRICK

Indiantown Gap, Aug. 14—(AP) Civilians are going to take over $763 worth of the "housekeeping" work now being done by soldiers of the U. S. Army's 28th Division, Major Clifford G. Beese disclosed today.

"They won't have to make beds—unless Sam wants his boys to do it for themselves—but they will assume janitor duty, operate telephone switchboards and teletypes and fire the guns, the intelligence officer said.

Major Beese said the men would be hired from civil service lists after an appropriation just received from the federal government. They would also serve, he added, as clerks, stenographers, electricians, teamsters, blacksmiths, watchmen and carpenters.

About 225 civilians will be hired for these jobs "in the near future," he said. The allotment is part of the 90,000 provided by congress for the Third Corps area.

In addition to Indiantown Gap, other military posts sharing in the Third Corps area's allotment include Fort Belvoir, Carlisle Barracks, Fort Eustis, Camp Lee, Fort Meade and Fort Monroe.

The officers estimated that in the Third Corps area approximately 3,500 soldiers will be replaced by civilians by September 1.

Estimates of costs indicate that there are economic advantages in this plan, army men here point out. Most of the civilian employes will get about $1,440 a year. Some in higher grades will get $1,510. Among the men who will be replaced are master sergeants, whose pay is $1,500 exclusive of food, clothing and medical allowances.

GRANGE GROUP HOLDS MEETING AT YOUNGSVILLE

Youngsville, Aug. 14—A very interesting program was given on Tuesday evening at the Brokenstraw Grange, under the direction of the lecturer, Mrs. Ernest Crull, with the program subject "Making Homes." The program opened with singing of "Home Sweet Home" and other songs used were "Old Folks at Home," "Home In the Grange" and "God Bless America."

At the roll call each member responded by naming something which contributes to a real home. Poems concerning home were read by Mrs. Helen Johnson, R. S. Hartley, Mrs. H. H. Husted, Mrs. Donald Warner and Mrs. Lettie Mead.

An article on "Home and Government" was read by Mrs. Nick Finlan and an original essay on "Going Home Time," was read by Mrs. Crull. A trumpet solo was played by Gene Warner and a trombone number by Carleton Olson.

At the business session plans were made for providing a booth at the Youngsville Community Fair and for a bake sale Saturday of this week at the Johnson Brothers' store.

Refreshments were served by Mr. and Mrs. Ed Patch and Mr. and Mrs. Roscoe Patch.

ON RIDING TRIP

Miss Marjorie Brazee, Mrs. Ralph Ludwig, of Youngsville, and Miss Olga Olsen, of Jamestown, are now on a riding trip. They left Youngsville the last of the week and have now ridden their horses to Peninsula Park, Erie, where they will be for two or three days riding about the trails on the Peninsula before their return trip to Youngsville. They expect on their return to Youngsville to have ridden over two hundred miles nearly all the way on unpaved roads or trails.

INVITED TO ERIE

The ladies of the Youngsville Business and Professional Women's Club have been invited to attend a basket picnic at 6 p. m. Saturday, August 23, at the Peninsula Park, Erie, with the Senior B. P. W. PAYMENTS RISE IN COUNTY FOR INITIAL PERIOD

In the first 15 months of operations on a monthly payment basis, the annual rate of federal family insurance payments in Warren county rose to $30,408.

This figure was computed today by Bernard A. Farabaugh, manager of the Erie office of the Social Security Board, on the basis of statistics just received from the office of Regional Director William L. Dill, in Philadelphia. The sum reflected insurance in force as of March 31, 1941, under the old-age and survivors insurance program of the Social Security Act. It did not include any of the public assistance allowances under federal-state programs.

In Warren county, 139 men, women, and children were receiving monthly checks amounting to $2,534 at the end of March. The figures are growing daily as more workers retire or die, Mr. Farabaugh said.

The new statistics revealed a net increase of 34 in the number of beneficiaries and of $600 per month in payments during the first three months of 1941.

Monthly payments were distributed as follows: To 76 retired workers, $1,729; to 34 aged wives of retired workers, $400; to 3 aged widows of insured workers, $57; to 7 younger widows with dependent children, $128; and to 19 dependent children of insured workers who have died or retired, $219.

Mr. Farabaugh urged all widows who have not already done so to inquire concerning possible benefits for themselves and their children, provided their husbands died after the last day of 1939 and had worked in employment covered by the old-age and survivors insurance provisions of the Social Security Act. He pointed out that, in some instances, widows have lost some of their payments by failing to file claims promptly.

"There is no time-limit on filing widows' claims", Mr. Farabaugh said, "but there is a three-month limit on back payments. Thus, if a widow waits more than four months after her husband's death to file a claim, she will lose some monthly payments if she is entitled to such payments. That happens occasionally, and we desire to prevent this wherever possible. Our office is in position to give any widow full information and assistance on claims, and we welcome inquiries in person, by mail or by telephone."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

State Agricultural Conservation Chairman Issues Statement About Wheat Marketing in Pennsylvania

Declaring that criticism of wheat marketing quotas has come from those who have deliberately evaded the real issues involved and from a small minority of wheat growers who were profiting at the expense of their fellow farmers, James E. Walker, Chairman of the State Agricultural Conservation Committee, today issued a statement outlining what he termed the real facts involved and at the same time commending the present cooperation of most of the wheat growers who previously had not participated in the Agricultural Conservation Program. Chairman Walker's statement follows:

"Criticism and condemnation of wheat marketing quotas appearing in a number of Pennsylvania publications is becoming increasingly conspicuous by its deliberate [illegible] of the real facts involved in the issue.

"It is significant that within the past twenty-four months these same critics were branding the AAA as a program of scarcity. They now bewail the fact that the supply of wheat is greater than prospective consumption will require, attempting to place the blame for the surplus upon those who plan the farm program. Likewise, by implication, they blame the farmers participating in the AAA who believe in cooperative enterprise and who have adjusted their wheat acreage in order to maintain a profitable market price for their wheat crop.

"The plain truth of the case is that a minority group of farmers knew that the Commodity Credit Corporation was placing a bottom under the price of wheat equal to the crop loan offered to cooperating wheat farmers in the AAA. They also were aware that the loan-supported price guaranteed them a profit on their production. It did not require superior intelligence to reach the conclusion that a minority group could grab a larger share of the wheat market by increasing their production and keeping the price range within the differential between the loan rate and the loan rate plus storage charges for wheat stored as collateral security for the loan.

"Obviously farmers having wheat loans would not redeem their wheat unless the price would advance to a point above the loan rate plus accrued service charges. Naturally, it was assumed by those opposing the AAA that the cooperating farmers would not discover that the non-cooperative farmers were effectively pegging the price paid the cooperator at the loan rate, while the non-cooperator, in many instances, would receive a price equaling the loan rate plus service charges on stored wheat, and it was further assumed that Commodity Credit Corporation would continue to absorb the increasing surplus resulting from increased acreage planted by non-cooperating farmers.

"On May 31, the issue as to whether the wheat program should be scuttled or whether all commercial wheat growers should be held equally responsible for the continued production of wheat prices from which all growers benefit, was placed before the farmers by referendum.

"An overwhelming majority of the farmers voting expressed their desire for continued protection. And the most gratifying aspect of the issue is that an even larger majority of the wheat farmers, who were not cooperating in the AAA, are now facing the issue fairly and are assuming their share of the responsibility in the same spirit that has impelled the American farmer to feed the people, irrespective of prices, through every panic and depression that has yet befallen our Nation.

"In most cases where farmers have protested the regulations of the wheat marketing quotas, these protests have come from the small minority who, by reason of the overwhelming decision of their fellow farmers, are now no longer able to enjoy the advantage of raising, in most cases, more wheat than the history of the farm justifies and selling it at a high price created by the sacrifice and cooperation of the great majority.

"Perhaps it would be well for these critics to keep in mind that no group in our national entity has demonstrated more implicit faith in the philosophy of life by helping others live than has the farmer. And the public can rest assured that when the present 'noise' ceases, a more united, cooperative and efficient farmer group will be providing it with three square meals a day at prices sufficient to provide a reasonable standard of living for the farm family."

• EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, Aug. 14—When the war is over and there are thousands of airplanes, aircraft factories, pilots and ground crews sitting around looking for work, it can be safely predicted that there will be a big boom in commercial and private flying. One field where a lot of this extra equipment and personnel may find employment is in the further expansion of air mail and air express pickup service to small communities.

This nifty is doing all right as it is in competition with the war so to speak, and it observed a kind of unofficial birthday Aug. 12 when the five routes now giving regular service to 109 cities in a triangular area roughly bounded by Wilmington, Del., Jamestwon, N. Y., and Huntington, W. Va., will have been in service under government contract for just a year.

Operating method of the system is of course fairly familiar to everyone. A plane swoops low over any designated pasture, and drops off its sack of mail without landing. On the ground, two poles 20 feet high and 20 feet apart are stuck in sockets. Their tips are connected by cable to which is attached the pouch of outgoing mail. By an ingenious simple hook, lowered through a trap in the bottom of the fuselage, the pickup line is caught and the pouch drawn up to the plane by an electric winch.

The transfer is made while the plane is going more than 100 miles an hour. Smudge pots help the pilot locate the poles when visibility is poor. Besides the pilot, each plane carries a crew of one to operate the winch.

Pioneer in the development of the pickup service is Richard C. du Pont of the Delaware du Ponts, whose All American Aviation, Inc., holds contracts for the five Pennsylvania and West Virginia routes now operating. Young du Pont was a glider enthusiast who developed the equipment now in use and sold his idea to the government.

The combined mileage of the routes was a little less than 1000 and the country flown over offers some of the toughest flying weather in the United States as it is largely the area of the Alleghenies which in the old days of early commercial flying was called the graveyard of hell's sctretch. The experience of these first two routes was so good that when the contract was renewed, it was extended to five routes, with two flights a day, one in each direction.

Some of the experiences of the operator have been notworthy. During the particularly bad winter of 1940, there were days when heavy snow grounded the big commercial liners, but the pickup planes, not having to land, kept right on with their mountain hopping. When flood hit the Ohio Valley, it was sometimes necessary to go out in rowboats to erect the poles for pickup. Not a single crackup or casualty has been reported, though the planes are single motored affairs not licensed for commercial passenger carrying. Night flights have been conducted experimentally, with neon lights to mark the poles. Parachutes were used to lower fragile pouches.

In addition to the five routes which it now has in operation, All-American has on file with the Civil Aeronautic Board applications to extend its service to 237 communities in states where it now operates and in New Jersey, Connecticut, Rhode Island and Massachusetts. And nine other companies have filed with CAB proposals to extend the service into 26 other states. If they should all be put in operation, nearly 1400 of the smaller cities, not now on regular commercial airlines, would have the advantage of air contact through feeder lines that would tie them in with the nation's air route network.

The over-all picture on that network now is that the passenger lines serve about 250 cities which are big enough to offer passenger revenues that make profitable operations. There are 3500 other cities of more than 2500 population to which the air transport system has been more or less meaningless because of the time it took to make ground contact with the airports. Pickup air service is intended to bridge the gap.

Rep. Jennings Randolph, of Elkins, W. Va., claims to be the father of the service in Congress and he is backing further expansion. His checks now show that the cost of the service runs about 40 cents a mile, and that revenues and increased air mail business of from 47 to 93 per cent is reported from the cities now served, making the operation profitable to the government.

One pet dream of the Postoffice Department is that some day, all first-class mail in the country will be handled by air.

Parley Held At Invitation Of President

(From Page One)

American leaders sped around the warring world.

The Roosevelt-Churchill conferences, which were attended by ranking officials and military naval and air experts of both countries, were reliably reported to have lasted at least two or three days.

But neither the time nor the place of the meeting was disclosed here immediately.

Now there would be no surprise in London if a further announcement were made that Roosevelt and Churchill had sent personal assurances to Joseph Stalin and the Russian people that Britain and the United States will give the U. S. S. R the fullest industrial cooperation in arming and supplying the Red army, air force and navy.

News of the meeting was broadcast by radio to Britain by Lord Privy Seal Clement Attlee, who has been acting as Churchill's deputy in his absence.

Workers in factories and workshops throughout the country heard Attlee by radio instead of their usual "music—while-you-work" program. In some factories machinery was stopped or otherwise made quiet so that the workers could listen.

With the entire nation warned a day ahead of time to stand by for a "momentous announcement" dealing with the war effort, radios in millions of homes and in offices and shops were tuned to the broadcast.

Short wave transmitters in addition carried translations of the deputy prime minister's words to Germany, France and other parts of the world.

It was firmly believed by many competent observers that although the eight points—which they regarded as strongly reminiscent of Woodrow Wilson's famous fourteen points in the first World War—dealt mainly with general phrases, the meeting was marked by adoption of a "down to brass tacks" attitude in dealing with the Japanese.

The presence of United States Lease-Lend Administrator Harry L. Hopkins at the meeting, an American source said, "assured a full and complete picture of the Russians' war needs, for war not only on one front but in Siberia if necessary."

Hopkins had returned to London from Moscow shortly before leaving with Churchill for the meeting at sea.

Japanese here declared that announcement of the meeting was not news to them and probably not news to Tokyo since the first admissions in the Japanese press that Britain and the United States were jointly opposing Japanese expansion southward appeared "after it was pretty certain that Churchill and Roosevelt were meeting."

It was reported reliably that Churchill probably would broadcast a statement on the meeting "in due course."

Presence of high-ranking officers of the five fighting services of the two nations implies, one source asserted, that there would be at least the groundwork for active cooperation, if not staff talks, should the United States enter the war.

Churchill and Roosevelt met with the full knowledge of the British dominions, it was said in Canadian circles, but the historic eight-point declaration was described ostensibly as an agreement between the United States and the United Kingdom.

Berlin, Aug. 14—(AP)—The first authorized German reaction to the war aims statement of President Roosevelt and Prime Minister Churchill was that the whole declaration was a "propaganda bluff."

"Churchill and Roosevelt are unfortunate in their declaration being made at a time when every hour brings new reports of impressive successes for German arms in the Ukraine," one spokesman asserted.

Previously, there had been only DNB's brief, factual report that the United States president and British prime minister had met and issued their joint statement.

Destruction Of Nazi Tyranny Foremost Aim

(From Page One)

historic meeting at sea, that "after the final destruction of the Nazi tyranny" the disarmament of aggressor nations "is essential" pending the establishment of "a wider and permanent system of general security."

The eight points on which the president and Mr. Churchill agreed to "base their hopes for a better future for the world" were:

"First, their countries seek no aggrandizement, territorial or other;

"Second, they desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned;

"Third, they respect the right of all peoples to choose the form of government under which they will live; and they wish to see sovereign rights and self government restored to those who have been forcibly deprived of them;

"Fourth, they will endeavor, with due respect for their existing obligations, to further the enjoyment by all states, great or small, victor or vanquished, of access, on equal terms, to the trade and to the raw materials of the world which are needed for their economic prosperity;

"Fifth, they desire to bring about the fullest collaboration between all nations in the economic field, with the object of securing, for all, improved labor standards, economic advancement and social security;

"Sixth, after the final destruction of the Nazi tyranny, they hope to see established a peace which will afford to all nations the means of dwelling in safety within their own boundaries, and which will afford assurance that all the men in all the lands may live out their lives in freedom from fear and want;

"Seventh, such a peace should enable all men to traverse the high seas and oceans without hindrance;

"Eighth, they believe that all of the nations of the world, for realistic as well as spiritual reasons, must come to the abandonment of the use of force. Since no future peace can be maintained if land, sea or air armaments continue to be employed by nations which threaten, or may threaten, aggression outside of their frontiers, they believe, pending the establishment of a wider and permanent system of general security, that the disarmament of such nations is essential. They will likewise aid and encourage all other practicable measures which will lighten for peace-loving peoples the crushing burden of armaments."

The White House statement said only that President Roosevelt and Prime Minister Churchill "have met at sea" without indicating where the unprecedented conference occurred. It said they were accompanied by high ranking officials, including Beaverbrook, but there was no specific mention in the announcement of Harry Hopkins, lease-lend administrator, whose whereabouts also have been a mystery since he flew back to London after talks in Moscow with high Soviet officials.

Mr. Roosevelt left Washington August 3 for what was announced as a short vacation cruise and some fishing somewhere off the north Atlantic coast. He left his special train at New London, Conn., and boarded the presidential yacht Potomac.

The ship was not many hours at sea before the first vague rumors were born, and they multiplied with each passing day.

and others more than half, of their make-up."

The newspaper went on to detail German units which, it said, "have felt the full strength of Soviet arms" and have left "the old Napoleonic road strewn with the corpses of tens of thousands of German soldiers."

Germany's best divisions either have been destroyed or "are losing blood," Pravda declared, and "the German army is throwing into battle new reserves "after taking smashed divisions to the rear, reforming them and sending them back to the fighting fronts.

"The German army still is powerful," it conceded, "but the myth of the invincibility of German arms is crushed once and forever."

The Soviet Information Bureau's communique, again reporting "nothing of importance occurred" during the night, avoided mention of fighting sectors and said only that the Red air force was cooperating with land troops in attempts to halt the Nazis.

Earlier information indicated Soviet forces were fighting to stop a German threat to the Moscow-Leningrad railroad. A communique said some Nazis had reached the area of Staraya Russa, 80 miles from the rail line and 140 miles southeast of Leningrad.

Berlin, Aug. 14—(AP)—The Nazi high command announced today that Odessa, Russian port on the Black Sea, had been encircled by Rumanian forces in collaboration with the drive of German, Italian and Hungarian troops in the southern Ukraine, Nikolaev, near Odessa, was also reported ringed.

Germans and Hungarians were said to be holding Nikolaev in a vice, while west of the Bug river a large part of the Red army faced annihilation.

The special communique contained the first official mention of active participation by Italian troops against the Russians.

Berlin, Aug. 14—(AP)—Red Army forces trapped in the southern Ukraine by the advance of the German army to the Black Sea are preparing an attempt to escape by sea, the German High Command reported today and the luftwaffe is pounding their transports anchored along the coast.

German and Rumanian forces have reached the sea between the great Soviet port of Odessa and the Bug estuary in a "continuous, relentless pursuit in the Ukraine," the war bulletin from Adolf Hitler's headquarters said.

"The airforce yesterday struck severe blows against transports held in readiness for the flight of Soviet troops in the coastal areas of Odessa and Nikolaev," it went on.

"Two transports totaling 14,000 tons were destroyed and five additional large ships were badly damaged."

German infantry was said steadily to be tightening its arc around Odessa and advancing steadily toward Nikoleav, 65 miles further east, after annihilating a strong rearguard covering retreating Red Army forces.

Informed sources intimated a showdown was impending in the gigantic struggle raging in this sector, but expressed belief the Russians would put up the stiffest kind of fight to hold both Odessa and Nikolaev.

He said there was no reason for despair but to study the causes of defeat in order to avoid them in the future.

"This meditation surely will incite you to align yourselves among the best workers for the national revolution in discipline, confidence and optimism," he declared.

"Good labor on farms is now almost unattainable."

Before the hearing opened, Edwin H. Ridgeway, secretary of the commission, predicted there would be a state-wide increase in retail milk prices.

The commission has already granted increases in the Philadelphia, Scranton, Erie, Pittsburgh and southwestern areas. The latter two become effective Saturday.

Producers and dealers in the Williamsport, Sayre-Athens district yesterday urged a price boost with the consumers footing the bill.

With Governor James away on vacation, the Joint State Government Commission disclosed it has charted a dozen investigations reaching into practically every department on capitol hill.

The commission's director, Paul C. Moomaw, explained, however, that the number completed during the next two years depends entirely on how long a $50,000 appropriation will last.

In Harrisburg for a meeting of the General State Authority, Elmer Kilroy, speaker of the house of representatives, disclosed that a site has been chosen for a new executive mansion for the governor.

Arrangements have been practically settled, he said, for purchase of the land located about 20 blocks from the capitol.

retary-treasurer, said the union leaders attending the two-day meeting will represent approximately 150,000 steel workers.

The conference is a parallel to the meeting of SWOC presidents from U. S. steel corporation plants last March to define the union's policy on the wage agreement then under negotiation. In April the industry granted a 10-cents-an-hour wage increase.

In the case of "big steel," however, the contract signed in April replaced a former contract. There are no existing contracts with "little steel."

Last March the SWOC asked Republic, Inland and Youngstown Sheet & Tube to sign contracts embodying the same nine-point program served on "big steel."

Creal Returns To Be Medalist In Golf Event

"Tim" Creal, who has not competed for the golf championship of the Conewango Valley Country Club for the past two seasons but who had twice been champion before 1939, became the hot favorite to regain his laurels when he shot 38-38-76 to cop the medal honors in the qualifying round over the weekend.

The 76 gave Creal a three-stroke advantage over his nearest competitor and most dangerous rival for the links honors, Dr. William F. Graves, Pennsylvania State Dental Society golf titlist for the past two years. Graves shot 40-41 for an 81.

In third spot for the qualifying round was Harry W. Conarro with 83, while Marshall C. Parshall, 1940 runner-up scored 85 for fourth spot.

First round matches begin today and must be completed by Monday of next week.

SPORT SCATTERING

COACH LEIDIG IN THIRTIETH YEAR HERE; DRAGONS MEET ACADEMY ON LABOR DAY; SQUAD MAY BE GREEN, BUT HARDLY YELLOW

When the first practice starts at one o'clock in the afternoon, Monday, August 25, the thirtieth year of coaching will be officially ushered into this community for the veteran J. B. "Jake" Leidig, and another successful year is looked for. Warren is fortunate to have such a mentor as "Jake", and no other athletic head in this section of the state is respected more than he. Through all his years as coach, Leidig has accomplished more than just put a winning football combination on the gridiron for Warren, and it is this extra bit he does for every boy under his guidance that causes all of us who are personally acquianted with him to hold Leidig in such high esteem. Year after year words are written in praise of the Dragon grid prof. and writers will never be able to express just what they feel in regard to him. But "Jake" is starting year No. 30 as local scholastic coach, and he'll be combining his efforts and strategy to produce a winning combination from "scratch", so to speak. He'll be doing all he can again, for that's the way Leidig always has been, so let us make it a big year for Leidig.

The opening game for the Dragons, incidentally, will be with Erie Acadamy again on Labor Day, and it will mark the fourth successive year in which the Blue and White has opened its books with the Lions as opponents. Then on Saturday, September 6, the locals will meet Youngsville in the twentieth consecutive contest between the two schools. Warren has never been beaten by the Eagles, but the smaller school has been able to hold Leidig's charges to deadlocks at various times. Following the Youngsville game, the Dragons go on to meet Girard, Kane, Titusville, Oil City, Jamestown, Bradford, Franklin and Meadville in what shapes up to be another tough schedule and another interesting program for scholastic grid fans. With only Dick Johnson, the one returning letterman, and Ken Patchen within the fold to rely upon because of their experience, the first few games may go overboard before a competent lineup is found, but we're not so sure, as we've been looking over those names of candidates, but what Leidig will look more like a magician when the schoolboys start winning in a season that will be remembered as the year when the school grid color was mainly green. However, as long as it's green and not yellow, this community won't have too much to worry about in their prayers for a couple of victories.

We hate to be pushing baseball off the sports page in the early part of August, but in Warren, and lots of other places, that's when the grid season starts warming up to replace the diamond sport in the sport spotlight. So, while we're on football in this pillar today, let's take a peek at the high school managers. Chuck Hoffecker, first on our list, will be remembered for his swell play in the Bradford game last year and in many other tussles, and should serve in his new position very capably. Chuck knows the sport, can understand the players' actions, and will be a necessary cog in the Dragon wheel of progress this fall. Don McComas is an example of one of the most rabid sports followers and athletes in recent high school history. He's been out for football every year for four years, and this year, not being eligible, will be ready to take over chores as manager and do his job well. And Ben Taylor, another example of the true spirit of an athlete. He was on the squad three years up to now, and knows the value of training, therefore being an important lad as manager in keeping this year's squad in tow. While we don't believe there are going to be any trouble-makers, the three new managers seem to have been well picked, in this corner's candid opinion, and should give Leidig every bit of assistance he'll need.

Sports Round-up

(Pinch-hitting for Eddie Brietz)

New York, Aug. 14—(The special News Service)—Here it is Thursday already, and Ben Jones hasn't signed a rider yet to steer Whirlaway home in the Travers Saturday....California fashion editors please note: Al (The Vest) Weill is even having himself measured for a new suit before taking Joey Archibald out to the coast to tangle with Ritchie Lemos Aug. 26....Southern golf experts tip you to keep an eye on Louise Suggs, the Georgia gal, in the women's national the next year or two..... Her pop's old Johnny Suggs, who once did a pitching hitch in the Yanks' farm chain.

The-Good-Old-Times

If Nova happens to take Louis' title (with or without yogi), the heavyweight championship will go back on the fight-once-a-year basis of Dempsey's days....And Louis' bum-of-the-month club will fold its tent....But if Joe wins, he's to take on the Buddy-Baer-Abe Simon winner in January.

Kicking It Around

Stagg didn't fear Purdue any more than the scare Bo McMillin is cooking up for the rest of the Big Ten when he uncovers his 200-pound sophomore, Billy Hillenbrand, at Indiana this fall....And down in the wide open spaces, they say if Southern Methodist goes anywhere in the southwest conference it'll be because Red Maley, another soph ball lugger, is carrying the mail-ee...State Senator Tom Desmond announces he took a poll of sports writers and they agreed the N. Y. Boxing Commission is O. K....But the senator's poll didn't include a single regular fight writer—and they're the only boys who have hand-to-hand contact with the commish once or twice a week.

Caught In The Draft

Uncle Sam's about to grab
The Senators' Buddy Lewis
Leaving the Nats on a limb
Without a bit of juice.
For up to now the Nats have been
Barely out of the cellar
But if Bud goes, they're sure to sink.
And then will the Old Fox belier!

Hit-And-Run

Frank Leahy is tipping Notre Dame Alumni not to be too disappointed if the Irish drop as many as three decisions this fall..... Among other things, Pauline Betz, the tennis-ette, also plays field hockey, golf, basketball, the piano, volley ball, bridge and a typewriter (she's studying journalism at Rollins)....Damon Runyon, the promoted sports writer, heads for Hollywood in a couple of weeks to produce a picture from one of his own short stories....Just to show how much chance the Indians still have of winning the pennant, an agent is contacting syndicates to see who wants to buy Bobby Feller's by-line for world series coverage.....Marquette's dormitory and stamium will be so loaded with the American Legion convention next month, the football squad'll have to start its training at a lake 30 miles from the campus....Half a dozen big league clubs are looking over little Les Hinckle, the Syracuse slinger....More scouts are giving Eddie Erautt, a 16-year-old Portland (Ore, elbower, the double-o.

Today's Guest Star

Frank Tolbert, Fort Worth (Tex) Star Telegram: Big John Kimbrough's handsome face decorated a large cigarette ad this summer. Usually, these ad layouts have a 30-day run in magazines, newspapers and billboards. But the Kimbrough picture was used for 60 days, which should make John the Tobacco Road of the cigarette ballyhoo business. And he doesn't smoke.

Mail-Bag

Note to Christy Walsh, Hollywood, Calif.:

Glad to see you're out tha'r taking a hand in the Lou Gehrig picture, since you knew both Lou and the Babe so well from handling their affairs back in the twinkling twenties....But don't you think the Iron Hoss would have liked it better if a baseball man, not a matinee idol, portrayed him on the screen....Somebody like Buck McCormick, f'r instance, who looks like Lou....or Jimmy Foxx, whose career paralleled the big boy's for so long....Just a suggestion, of course....Best of luck, pal.

Semi-Finalists Clash Tomorrow In Net Tourney

The City-Wide Tennis Championship tourney took on more interest last night as matches tightened to some extent, and a few upsets found their way into the eliminations.

Johnny Anderson disposed of G. Brown yesterday afternoon 3-6, 6-2, 6-2, but was eliminated himself in an evening second round match with Frank Irvine, last year's county champions, by scores of 6-2, 6-0.

Stan Korb turned back "Jake" Leidig 6-1, 6-4, in a first round match, and Dick Ross scored what many called an upset in beating the highly touted Osborne in straight sets, 6-3, 6-3. "Jap" Conroy bettered Murray Anderson in one-two fashion with little trouble, 6-1, 6-2.

Tonight there is only one match scheduled, that to be played on the Y. M. C. A. court at six o'clock. Red Mullen will meet Stan Korb in the last second round match to set the stage for tomorrow's finals.

Irvine will meet the winner of tonight's Mullen-Korb setto at six o'clock tomorrow evening on the Hospital court. Ross and Conroy go at the same time on the "Y" clay.

The finals will be held over until Monday, and the court has not yet been decided by the committee, though the hospital layout is expected to get the nod, being better prepared to handle a crowd and more adapt for playing as it is laid out north-south instead of east-west as is the "Y" court, giving players the advantage of not having to face the sun.

Twenty-Five Compete For Amateur Today

Philadelphia, Aug. 1—(AP)—Twenty-five amateur golfers from eastern Pennsylvania, Delaware and southern New Jersey compete today for five places allotted the Philadelphia district in the National Amateur at Omaha later this month.

Headed by W. B. "Duff" McCullough of Philadelphia, who finished runnerup to National Champion Dick Chapman a year ago, the 25 will struggle over 36 holes at the Aronimink Golf Club course in suburban Newtown Square.

Other outstanding entrants include: Harry Haverstick, Jr., of Lancaster; Frank Allan, Pittston; Johnny Markel, Reading; and John Penrose, of Merchantville, N. J.

The tangle in the National League is as hopeless of an early solution as a six-day bicycle race on the first day.

The St. Louis Cardinals and the Brooklyn Dodgers simply keep whirling 'round and 'round till one or the other spills off. Then they get up and do it all over again while everybody gets dizzy.

Last night the Cards crashed 3-2 in 10 innings at Cincinnati as the Dodgers drummed out a 7-2 triumph over the Phillies to narrow Cards' margin to half a game—where the matter is bound to rest today because neither team is scheduled.

The Cardinals collected a dozen hits off Bucky Walters, but they didn't get them close enough together. Frank McCormick singled the winning run across in the 10th inning.

Dolph Camilli, the current homer king of the senior circuit, notched his 23rd with two on in the third inning against the Phillies and Curt Davis coasted to victory on six-hit pitching.

In another National League night game the Chicago Cubs sent the Pittsburgh Pirates sp to their third straight defe for their longest losing st seven weeks Johnny Lanni led up to the ninth inning 4-1 lead, but a walk and rors blew the game wid and the Bruins scored fiv two on a pinch single by Gilbert with the bases load

The Yanks were whip their first game 5-3 by Archie's two-run homer in t inning, but had no trouble the second session 5-1 on th hit hurling of Maryin Breu

The Indians were wallop by the St. Louis Browns.

The Boston Red Sox dro 4-0 conquest of the Phila Athletics in a night gam lifted Boston within a gan a half of second place. (Broadway) Wagner kept delphia's eight hits scattere the Red Sockers pecked a Phil Marchildon for single the third, fourth, seventh ninth innings.

FORFEIT GIVES CASEYS SECOND HALF GONFALON

The Knights of Columbus softball team was presented with the second half title in the City League last night as St. Joe's gave them the final playoff game by forfeit.

Only seven men were on hand for the losers, forcing them to take on three players, at least, to be able to play. League rules state only one player may be picked to fill an incomplete lineup, thus the forfeit.

Tonight opens warfare in the deciding of the first half with this evening fracas scheduled between The Caseys and the Recreation Center. If the latter club cops tonight's game, they will be first half winners. In the event that the Caseys claim the decision, the Elks and St. Joe's will tangle tomorrow night, the winner to meet the Recreation Center for the first half gonfalon.

Next week the winners of the two halves will mix to decide the league title, probably under the provision that the first to win three out of a maximum five contests, though definite word has not been issued.

Normally, the procedure would be to send the bill to a joint conference committee of the two chambers to compromise the differences. However, that would give the house another chance to vote on the bill when the compromise version came up for approval—and administration supporters were not enthusiastic for that after their narrow original victory. On the other hand, if the senate agrees to the changes, it will obviate the need for any conference compromise.

FAVORITES IN RECOVERY MOVE

New York, Aug. 14—(AP)—An assortment of stock market favorites managed to creep into recovery territory today, but many leaders were left at the post.

Bidding for rails did much to improve the general tone of the list and, near the final hour, fractional gains predominated. Dealings, exceptionally slow in the forenoon, picked up moderately for a brief interval after mid-day. Transfers were at the rate of approximately 450,000 shares.

farther than usual because timely merchandise is offered at especially attractive prices. This occasion is no deviation from that reputation.

This issue of the Times-Mirror is packed full of detailed information concerning the plans that 42 local places of business have made to carry on the reputation of Warren Dollar Days. A study of the advertising pages will tell the story of opportunities such as may not be enjoyed again for a long time. Every line is a potent money saver at a time when the populace has occasion to worry about saving money.

Almost every line of merchandising is represented by the 42 participating business houses. Hardly anything can be desired or needed that will not be found listed among the things offered in the Friday and Saturday sales. Furthermore, merchants cognizant of the situation, expect that the Dollar Days will be patronized heavily—perhaps records will be broken—and they have prepared to cater to unusual demands with all of the service and efficiency that has come to be a hallmark of these events.

Given favorable weather, it is likely that records will be broken. The weather man is expected to cooperate to permit shoppers to come from miles around to enjoy the harvest of bargains.

The wise shopper will give close study to the store news in this issue of the Times-Mirror and map out a plan of action for Friday and Saturday so that fullest advantage of all the sales can be taken.

Places of business which are participating in the Dollar Days include the following: A. & P. Super Market, Baker's Cleaners, Bartsch Furniture Company, C. Beckley, Inc., Betty Lee, Bayer Furniture Co., Brown's Boot Shop, Inc., Community Consumers Discount Company, Cook's Boot Shop, Danielson-Carter, Darling Jewelry Co., R. G. Dawson Co., E. D. MOSCOW CLAIMS OFFENSIVE SLOWING UP

Russian War Dispatches Indicate That the Fighting Again is Developing Into Isolated Actions and That German Armies Which Spurted in Large Numbers of Areas Again Have Been Halted

BERLIN INTIMATES A SHOWDOWN IMPENDING

BULLETINS

Moscow, Aug. 14—(AP)—The Russian army reported today that the German 39th tank corps, 11 other divisions and 13 regiments have been routed on the western and southwestern sectors of the front and that the situation again had become stable and quiet. The army newspaper, Red Star, estimated that 21 other German divisions had suffered more than 50 per cent losses.

Berlin, Aug. 14—(AP)—The weather again has turned rainy in the Ukraine and German sources said this may mean a slowdown of action on that front.

BY HENRY C. CASSIDY

Moscow, Aug. 14—(AP)—The German offensive is being smashed, Pravda, Communist party organ, declared today in explanation for Soviet communique reports that there was no important change in the front.

Russian war dispatches indicated that fighting again was developing into isolated actions and that German armies which spurted yesterday in the areas of Kakisalmi, Staraya Russa, Smolensk and Bel Tserkov again have been halted.

"Behind the modest Soviet reports," said Pravda, "lie great and serious events.

"No important changes occurred in the disposition of troops because the German offensive is being smashed by the mighty resistance of the Red Army, exhausting the German forces.

"Simultaneously, however, very important changes are taking place in the composition of the German army.

"In the western direction, many German divisions already have been annihilated and only countless graves recall the existence of these divisions. Dozens of other divisions, after several battles with the Red Army, have lost nearly half,

DARLAN MAKES A PLEA TO NATION

Vichy, Unoccupied France, Aug. 14—(AP)—Vice Premier Jean Darlan, in his new role as minister of national defense, told France's land, sea and air forces today that he will lead them along the road designated by Chief of State Petain.

Darlan's message was contained in an order of the day broadcast to the empire as newspapers from Nazi-occupied Paris indicated belief that defense powers both at home and overseas now concentrated in Darlan's hands give him complete power over colonial commanders-in-chief.

Darlan, who wields military power greater than any French leader since Napoleon, told his soldiers, sailors and airmen:

"I know I can count on the devotion of all to the cause of France so nobly defended by the marshal.

"Everyone can count on me to

News Creates But a Mild Stir In Berlin

Berlin, Aug. 14—(AP)—The official news agency, DNB, soon after Clement Attlee's broadcast of the meeting between President Roosevelt and Prime Minister Churchill, distributed this single sentence under a New York dateline:

"The White House announced officially that Roosevelt and Churchill have met secretly on the high sea and agreed on a 'common declaration of war aims.'"

SHARP RISE IN WORK STOPPAGE GIVES CONCERN

Strike Threats in Telephone And Aluminum Industries Add to Anxieties of National Defense Officials And War Department

VITAL ORDERS HELD UP

By the Associated Press

Strike threats in the telephone and aluminum industries added to day to the anxieties of national defense officials, while a labor dispute in a New Jersey propellor factory was turned over to the Mediation Board.

War Department officials already had expressed grave concern over a sharp increase in work stoppages. As of last Tuesday, they said, 30 strikes were holding up production of army equipment, and 23,400 workers were idle, compared with an average of 14,000 idle since early June.

The CIO Aluminum Workers Union told Secretary of Labor Perkins last night that 20,000 workers would strike at five key plants of the Aluminum Company of America (Alcoa) to support demands for elimination of north-south wage differentials, unless the government intervened in the dispute. No date was set for the projected walkout.

The telephone labor dispute at present involves only the installation department of the huge Bell system, but if a strike is called and other employes decided not to cross picket lines, union leaders pointed out that a complete tie-up of the Bell system was conceivable.

In certifying to the Mediation Board a strike of AFL machinists against the Curtiss-Wright propellor division at Caldwell, N. J., Secretary Perkins took cognizance of delays in production of $100,000,000 worth of vital defense orders.

Another conference was scheduled in Washington today between Navy Secretary Knox and L. H. Korndorff, president of the Federal Shipbuilding and Dry Dock Company, on the latter's offer to turn the firm's strikebound shipyard at Kearny, N. J., over to the navy for immediate operation. Nearly half a billion dollars worth of navy and merchant ship contracts is held up by the CIO-called strike.

Meanwhile at Chicago the railway mediation board began efforts to settle the differences between 1,100,000 railroadmen who demand increased wages, and the nation's

TANKER CARRIES GAS SHIPMENT TO RUSSIA

Washington, Aug. 14—(AP)—Petroleum Coordinator Ickes announced today the first shipment of aviation gasoline to Russia aboard an American tanker would leave Los Angeles today for Vladivostok, flying the United States flag.

"Other tankers will leave shortly," he said.

Ickes reported at his press conference, also, that deliveries of gasoline in the east were up 8 per cent last week, despite the night time "blackout" of filling stations and he said "more rigid steps" may be expected immediately to curtail gasoline consumption on the Atlantic seaboard, where a shortage has been forecast.

JAP VICE PREMIER ATTACKED

Baron Kiichiro Hiranuma, 75-Year-Old Minister Without Portfolio, is Struck in Chest and Jaw By Pistol Bullets Fired by Young Assassin Who is Later Apprehended by Victim of the Assault

CONSIDERED MAINSTAY IN REFORMED CABINET

Tokyo, Aug. 14—(By telephone to New York)—(AP)—Baron Kiichiro Hiranuma, 75-year-old vice premier and minister without portfolio, was struck in the chest and jaw this morning by pistol bullets fired by a 35-year-old assassin. Hiranuma's condition was reported as serious.

Hiranuma has been regarded as a mainstay of the cabinet of Premier Prince Fuminaro Konoye and definitely a moderating influence.

Observers said, therefore, that the fact that such an attack should occur was not considered a good sign in a time of tense international relations.

The attacker, identified as Naohiko Nishiyama, 33, called at Hiranuma's home before 8 a. m. today and gained access under the pretext that he wished the vice premier's autograph on a roll of parchment. Nishiyama hails from Okayama prefecture, the same as Hiranuma does.

He pulled a pistol from the roll and fired three shots in all, authorities reported. The first missed but the others struck Hiranuma in the jaw and chest.

Despite his age and his wounds, the vice premier pursued the attacker out of the house and succeeded in catching him at the gate where, with the aid of the gatekeeper, Nishiyama was held until further help arrived.

Shortly after the attempt on Hiranuma's life was announced former Foreign Minister Yosuke Matsuoka returned to Tokyo from his summer villa.

Baron Hiranuma, who was born Sept. 28, 1865, was premier from Jan. 5 to Aug. 28, 1939. He resign-

ALTOONA GREETS LEGIONNAIRES

Altoona, Aug. 14—(AP)—William C. Bullitt, former ambassador to France, told the Pennsylvania convention of American Legion today it was impossible for the United States to live in isolation "because Germany, Italy and Japan are leagued against us and are determined to dominate the earth including America."

Altoona, Aug. 14—(AP)—Flag-bedecked Altoona, which prides itself as "the friendlier city," today welcomed Pennsylvania Legionnaires opening their 23rd state convention.

The official address of welcome by Mayor Charles E. Rhodes brought responses from leaders of the Legion and its affiliates, the auxiliary, Forty and Eight and Eight and Forty, which are holding their conventions concurrently.

PRICE OF PENN'A CRUDE BOOSTED 23 AND 25 CENTS

Price of Pennsylvania grade crude oil was increased 23 and 25 cents per barrel today, bringing the top price to $2.98 per barrel, according to information received by local refineries.

The new prices, following the trend of increased demands for refined products, were expected to be posted by the major purchasing agencies before the end of the day.

According to information received here, the price of Bradford, Allegany and National Transit crude was advanced 23 cents per barrel, bringing them to $2.98. South West Pennsylvania and Eureka were advanced 25 cents, bringing them to $2.65 and $2.59, respectively.

This is the first advance in Pennsylvania crude since June 18, although there has been an ever-

Milk Producers Insist On Higher Prices To Meet Soaring Expenses

Dairy Farmers of State Facing One of Most Critical Periods Since World War, Representative Declares in Harrisburg

HEARINGS ARE OPENED

Harrisburg, Aug. 14—(AP)—Representatives of milk producers in Pennsylvania's smaller marketing areas declared today that prices received for their product must be increased to meet rising production costs.

"Dairy farmers of the state are facing one of the most critiical periods since the World War," said F. B. Willets, representative of the Interstate Milk Producers Cooperative, and farmers in the Lancaster, Huntingdon and Altoona areas.

Willets, testifying before the Milk Commission as it opened hearings on producer wholesale and retail prices, said much of the increased production cost was caused by the existing national emergency.

FOES CONCEDE ENACTMENT OF EXTENSION BILL

Washington, Aug. 14—(AP)—In an optimistic frame of mind, senate administration leaders sought final congressional action today on the army service extension bill, so that it could be sent to the White House by mid-afternoon.

Foes of the controversy-laden legislation virtually tossed in the sponge, conceding that they could do nothing more to forestall enactment.

The strategy was to have the senate accept, in lieu of its own previously-approved measure, the version which the house passed by the hair breadth margin of one vote in a dramatic 203 to 202 roll call Tuesday night.

Only very minor differences distinguish house and senate drafts of the bill. The main provisions are

Vichy, Unoccupied France, Aug. 14—(AP)—Paris newspapers disclosed today that police fired on demonstrators yesterday at the porte St. Denis, wounding some of them, and that 16 others were arrested at the Gare St. Lazare, a main railroad station.

The newspaper Aujourdhui said those involved were "solely Jews and foreigners."

(A German broadcast, heard in New York, said Communists provoked the incident and that all arrested persons were Jews.)

STILL COOL

Pittsburgh, Aug. 14—(AP)—Continuing low temperatures broke another record in the Pittsburgh district early today as the mercury slipped to 52 degrees, two below the previous record for the day set Aug. 14, 1916. Yesterday's low, also a new low mark, was 49. Weatherman W. S. Brotzman said that higher temperatures would return today and that showers could be expected tomorrow.

GUNMAN FUSSED

Pittsburgh, Aug. 14—(AP)—After ordering a girl clerk to a back room, an embarrassed gunman couldn't open a locked cash register in a bakery last night and had to call the young woman back to the front of the shop to do the trick. Then he helped himself to $37 and fled.

PARLEY IS HELD BY LITTLE STEEL

Pittsburgh, Aug. 14—(AP)—Sixty-five leaders of CIO Steel Workers Organizing Committee locals in "little steel" plants were summoned here today to formulate contract demands.

The union leaders are those from certain plants of the Bethlehem Republic and Inland Steel Corporations and the Youngstown Sheet & Tube Corporation.

The Bethlehem, Republic and Youngstown companies have agreed to negotiate contracts with the SWOC after the union has proven a majority membership. The SWOC has won National Labor Board elections at six Bethlehem steel plants. Union majorities at Republic and Youngstown Sheet and Tube plants would be determined through a cross-check of union membership records and company payroll records.

Roosevelt, Churchill meet at sea, pledge fight to achieve "final destruction of Nazi tyranny," reach 8-point agreement on post-war aims; Anglo-American leaders call for disarmament of aggressor nations, no territorial changes imposed by force.

Moscow press says German offensive being smashed, with "myth of invincibility of German arms crushed once and forever;" Hitler's high command says fleeing Russian armies in Ukraine preparing attempt to escape by sea, luftwaffe blasts Red troop transports; Finnish high command reports Soviet troops trying to escape by boats from Lake Ladoga trap, north of Leningrad; Russians admit Germans threaten Moscow-Leningrad railway line; loss of Smolensk acknowledged.

French Vice-Premier Darlan promises to lead France's land, sea and air forces as designated by Chief of State Petain.

PARLEY HELD AT INVITATION OF PRESIDENT

BY DREW MIDDLETON

London, Aug. 14—(AP)—The United States is now pledged to the reconstruction of post-war Europe and the support of the Russian-British cause on every front, informed British sources said today in reviewing the jointly-issued Roosevelt-Churchill statement.

Things left unsaid in the statement are regarded as fully as important as those of the eight-point joint declaration.

Omission of reference to Japan "implies that Japan was one of the main points of discussion," a Japanese diplomat admitted.

British informant said the meeting was at Mr. Roosevelt's invitation.

The Japanese source said that the tempo of the Japanese advance in South Asia was slowed even as rumors of the historic meeting between the British and

DESTRUCTION OF NAZI TYRANNY FOREMOST AIM

Washington, Aug. 14—(AP)—President Roosevelt and Prime Minister Winston Churchill of Great Britain, after a secret meeting at sea, joined in a declaration of general war aims today which voiced a determination to achieve "the final destruction of the Nazi tyranny."

A White House announcement embodying the eight-point joint declaration, said the two national leaders, with their high ranking military chieftains, examined "the whole problem of the supply of munitions of war" for "those countries actively engaged in resisting aggression."

STILL AT SEA!

Washington, Aug. 14—(AP)—As far as Washington knew today, President Roosevelt was still at sea. The joint declaration of policy by the president and British Prime Minister Winston Churchill was radioed to the White House, for release here, from a point unknown to the public.

These covered the supply problems of the Soviet Union. Lord Beaverbrook, British minister of supply, is coming to Washington to discuss further details.

In several conferences, the announcement said, they "considered the dangers to world civilization arising from the policies of military domination by conquest upon which the Hitlerite government of Germany and other governments associated therewith have embarked."

The statement said they "made clear the stress (explained here as probably meaning steps) which their countries are respectively taking for their safety in the face of these dangers."

(The text, as issued in London, used the word "steps" instead of "stress.")

The joint declaration, constituting the most concrete war aims yet disclosed on the British side, set out "certain common principles in the national policies of their respective countries on which they base their hopes for a better world.'"

The president and prime minister declared their belief after their

COSTS OF LIVING HIT A NEW HIGH

Harrisburg, Aug. 14—(AP)—The cost of living in Pennsylvania rose this summer to the highest level since September, 1937, the Department of Labor and Industry said today. A further increase was predicted.

"During the quarter from mid-March to mid-June, the impact of the national defense program scored decisively on retail prices and the cost of living for the first time," the department reported.

"Previous broad and substantial gains in wholesale prices began to take hold of the retail market in earnest. The increase that oc-

Pittsburgh, Aug. 14—(AP)—John Feeney, 56, of Braddock, drowned yesterday when he became ill and fell unconscious into the bathtub at his home.

No Details Of Historic Meeting Are Contained In Announcement

Washington, Aug. 14—(AP)—The White House announcement today that President Roosevelt and British Prime Minister Winston Churchill held a momentous conference at sea gave no hint of where in vast north Atlantic the unprecedented meeting took place.

A joint statement from the two said "several conferences" were held indicating that Roosevelt and Churchill may have been together several days. From Saturday until this morning there was no published word from the president's party which sailed on the U. S. S. Potomac August 3.

The statement said that Lord Beaverbrook, British minister of supply, and high ranking officer of military naval and air forces of the two countries also were present. The latter group presumably included General George C. Marshall, United States Army chief of staff; Admiral Harold C. Stark, United States Navy operations chief; and Major-General H. H. Arnold, chief of United States Army air forces.

Harry L. Hopkins, the lease-lend administrator, was not mentioned specifically, but there was reason to believe that he, too, was present, probably accompanied by his principal aide, Major-General James H. Burns.

How Prime Minister Churchill and his aides went to the meeting as well as the place of meeting, were kept secret in London.

Speculation regarding the prime minister's present whereabouts was not permitted in England.

ALUMINUM FACTORIES FACE STRIKE THREAT

Pittsburgh, Aug. 14—(AP)—A CIO union notified Secretary of Labor Perkins today that a strike would be called at the five plants of the Aluminum Company of America unless the government intervenes in the dispute over north-south wage differentials.

The action followed a breakdown of conferences on the CIO Aluminum Workers' demand that the 8,000 employes of the company's plants at Badin, N. C., and Alcoa, Tenn., who now receive a minimum of 55 cents an hour, be paid on a par with workers in the northern plants. Minima at the Edgewater, N. J., and Detroit plants are 75 cents hourly, and 73 cents at the nearby New Kensington plant.

GOING BACK 41 YEARS AGO

In connection with the forty-first birthday anniversary of the Times-Mirror observed Wednesday, an exchange prints some reminders of a half century ago which recall the days when this paper first appeared. For instance:

Forty-one years ago—

Folks boiled coffee and settled it with an egg.

Ladies rode sidesaddle.

When preachers uttered a truth, the congregation chorused, "Amen."

Neighbors asked about your family, and meant it.

Folks used toothpicks and were still polite.

Bicycling was the popular recreation.

The neighbors got fresh liver at hog-killing.

Men made the same wife do a lifetime.

Folks were looking forward to the possibility of a centennial celebration.

An evening with dominoes or checkers was exciting, and Mom and Pop chased the kids off to bed at eight o'clock.

Nearly every home had its own garden, and the "butter and egg" woman was a weekly visitor.

Nobody worried about inflation, taxes or a World War.

Forty-one years ago—ho-hum!

Rarely do you have an opportunity to witness a bathing beauty contest, swimming exhibition and horse show in one afternoon, but that is the program offered at the Bundles for Britain Victory Rally at the Logan farm on the Jackson run road Saturday afternoon. Each event will be staged under the expert supervision of persons experienced in the particular entertainment presented, which means not only that everything will be according to schedule but that it will be produced in the best professional manner possible. And while you are enoying the gay festivities of the afternoon you'll be doing your bit toward raising a fund to help war victims in bomb-shattered England.

"The Inquiring Photographer" on one of the Erie papers the other day asked six persons the question "Do you believe that the blowing of automobile horns within the city limits should be illegal?" The sentiment expressed was almost unanimous in favor of outlawing horns, as is indicated by the opening remarks of all those interviewed, which follow: "I think it should be stopped altogether;" "It all depends;" "Yes sir, I believe it should;" "Yes, even at weddings;" "I do. There are many reasons to make unnecessary horn blowing illegal;" "I certainly do."

In case you've heard rumors to the contrary no ceiling has been set on the retail prices of sugar. "There's no shortage in any way," Administrator Henderson declares, explaining that sugar price rises which caused the ceiling to be fixed on raw sugar at 3.5 cents a pound were partly caused "by a group of speculators." He hopes "the housewife buyer will fix a ceiling, as the supplies are ample."

Forty-two business places are participating in Warren Dollar Days, Friday and Saturday, which means that a wider variety of bargains is being offered during this stupendous sales event than ever before in the history of merchandising in Warren. Don't fail to take advantage of the opportunity offered to save money on needed articles.

It is pleasing to note that after years of discussion on the subject plans have been formulated whereby Warren High School pupils desiring the same may take an hour of religious instruction each week, receiving one-half credit toward graduation upon completion of the course in a satisfactory manner.

Those of you who may have been bemoaning the fact that no vacation was in sight may sit back and relax. Members of the House of Representatives in Washington have agreed to dispense with regular business from August 18 to September 15.

An event of more than passing interest to residents of the southern end of the county is the Watson township picnic and homecoming to be held at Sandstone Springs Park Sunday.

Edward Beck is determined to make up for time lost on account of the unfavorable weather and the shortage of supplies on the Conewango avenue paving job and Sunday two trucks were kept busy all day hauling brick. Trucks are kept busy day and night and every effort is being made to have the road open to accomodate those who visit the county fair next month.

Bill Paris acted as manager of the Independents Saturday in the absence of Bobby Burns, who was playing with the P. & E. team against the Pitcarin railroaders, champions of the Western Pennsylvania division, which was lost by the local division by a score of 4 to 0.

Kinzua is to have a band, and that the organization will be one really worthwhile is indicated by the fact that the leader is to be Professor Joseph Triscari, of this city, who has had excellent success with the Victory Band.

The blackberry season is at its height and Sunday hundreds took advantage of the opportunity to make their way to the patches which abound in various directions from Warren. Thirty quarts was a good day's picking.

The temperature took a sudden drop Sunday and frost was threatened during the night.

Damage estimated at about $3,000 was caused this morning by a fire at Kinzua which completely destroyed the two-story frame hotel building owned by H. R. French, and threatened other buildings in the vicinity. It was at first feared that the entire town would be endangered.

Songs in the Air

You may not know the words to the hut-sut song, but the melody lingers on. Keep in tune with these questions about that and other numbers now blaring from the juke boxes.

1. According to the song, what are a raw'son, a rillerah, a brawla and a hut-sut?
2. Who is the answer to a prayer and has a voice like the echo of a sigh?
3. What does the man with the high hat ask in the Treasury Department's current theme song?
4. What are the several things the singer wants from "Daddy"?
5. What comes out here?

HIT HIGH MARK IN TRAINING OF MEN IN DEFENSE

Enrollment in Pennsylvania's defense training courses hit a new high during May, with approximately 20,000 persons listed in nearly 1,000 classes, according to a report released today by Secretary of Labor and Industry Lewis G. Hines.

Continued expansion of the training program to meet increased defense production needs was indicated by the addition of 12 new training centers, bringing the total to 94, and by the establishment of new courses in lens grinding, petroleum refining production and training selection, and the resumption of classes in tool and die making.

Courses offered in the various centers differ according to the industrial make-up of the community, Secretary Hines explained, with programs aimed at meeting specific needs of defense plants in the locality. Thus, the majority of trainees are studying machine tool operation, blueprint reading, welding and metal trades subjects, and the greatest enrollment gains during May were noted in pipe fitting and ship mold loft courses.

The program includes pre-employment training for unemployed persons and supplementary training for those already employed but preparing for more highly skilled defense jobs. A total of 1,300 trainees were placed in jobs during May, the report showed, a gain of approximately five per cent over the April placement figure.

SALVATION ARMY PAPER RECEIVED FROM ENGLAND

A copy of the London Salvation Army War Cry, published July 19th, has just been received by Major B. E. Flinn, who is in charge of the Warren Salvation Army corps.

The publication has been reduced to one printed sheet comprising four pages and most of the space is occupied with material having some bearing on war service or activities connected in some way with morale of citizens and soldiers.

One section is headed "Generosity Warehouse Bulletin" and reads as follows:

"Stocks very low by Thursday owing to consignments to Emergency Centers for relief of raid sufferers.

"Friday, big arrival from United States, Canada and elsewhere; many cases months on the journey.

"Regular consignments being received from U. S., the Dominion, Australia, New Zealand, British West Indies and Malaya. Donating organizations include British War Relief, Allied Relief, Bundles for Britain, Panama British Aid Ladies Committee, Australian Central War Assistance Committee, Canadian Pins and Needles Club, Union Jack Clubs, many schools, and others.

"Dainty American-made layettes of from thirty to fifty pieces, ready for mothers in need."

Warren Salvation Army Home League members completed one of these substantial orders of layettes last February, made entirely in baby blue and pink and have good reason to feel that the reference to "dainty American-made layettes" refers in part to their February shipment.

Workers in the Bundles for Britain and other similar organizations will enjoy reading acknowledgements of substantial gifts through this edition of the London War Cry, Major Flinn said.

U. S. FORESTRY SERVICE SHOWS BUSINESS RISE

Receipts from the sale of timber on Allegheny National Forest during the fiscal year ending June 30, 1941, amounted to more than $32,000 according to Forest Supervisor R. F. Hemingway. One fourth of this amount, or $8,000, will be returned to the four counties in which the forest is located. This is almost double the receipts of a year ago. He said that nearly all of the 460,000 acres of federally-owned lands administered by the Forest Service of the Department of Agriculture are growing substantial amounts of timber. Scattered here and there over the forest are tracts where some of the trees are of harvesting age and should be removed. Thousands of cords of chemical and pulp wood are also continuously available through improvement thinnings.

The trees to be removed are selected in accordance with the sound policy of harvesting the forest crop as it ripens or matures. The cutting of ripe and decadent trees makes room for the younger trees. Leaving an adequate supply of the most healthy and vigorously growing trees insures future crops and gives stability and permanence to wood-using industries.

Mr. Hemingway stated that during the past year, more than eight million board feet of sawtimber and other wood products were marketed from those public lands, while the amount of growth added each year to the smaller trees not yet ready for harvesting is nearly double this figure.

As the smaller trees grow to maturity and are ready for harvesting, the amount of lumber and other forest products obtainable from the forest will rapidly increase and provide raw material for additional wood-using industries.

In short, management of the timber resources on Allegheny National Forest is directed toward production of high quality materials and toward permanency of supply so that the wheels of industry may be kept turning and people steadily and gainfully employed.

CRIME WAVE

Philadelphia, Aug. 13—(AP)—A 15-year-old boy, one of a family of 10 children, is accused by police of taking $90 from a home, returning $66 of the money when neighbors said they saw him leaving the place, and then trying to hold up a grocer who grappled with him before being struck over the head. Picked up by police, the boy burst into tears. An empty pistol was found back of his home.

TERRIER DUG UP

Haverford, Pa., Aug. 13—(AP)—A lawn and garden had to be dug up on the Charles Martin Wood estate to rescue a wire-haired terrier from a cistern she entered through a 12-inch drain pipe. SOIL BUILDING RATES RECEIVED IN THIS COUNTY

The Warren County Agricultural Conservation Committee has just received an announcement of the soil-building allowance rates which will be the basis for determining maximum payments which farmers may earn by carrying out soil-building practices under the 1942 Agricultural Conservation Program. The rates will be substantially the same as in 1941.

Farmers may earn two types of payments under the farm program, the committee stated: (1) payment for carrying out approved soil-building practices, and (2) a payment for planting within special crop allotments, in Pennsylvania, for corn, wheat, tobacco, potatoes, and commercial vegetables.

For the 1942 program the farmers' allowance will be computed on the basis of the following rates:

70 cents per acre of cropland not included in special crop allotments for the farm.

40 cents per acre of non-crop pasture land for each acre in excess of one-half the cropland.

$2 per acre of orchards. In 1941 the rate for orchards is $1.80 per acre.

$1 per acre of commercial vegetables normally grown on the farm.

Included in the 1942 program, as in 1941, will be a special allowance of $15 which farmers may earn by planting forest trees. This payment will be in addition to any other allowance which may be computed for the farm. The 1942 program continues the $20 minimum payment which may be earned on any farm. The $20 minimum payment does not include the tree planting allowance.

While there are only minor changes in the soil-building allowance rates, officials pointed out that final provisions of the 1942 program when drafted will increase the emphasis on conservation and soil-building work on individual farms.

With Our Boys At Indiantown Gap

BY FRANK FITZPATRICK

Indiantown Gap, Aug. 14—(AP) Civilians are going to take over $763 worth of the "housekeeping" work now being done by soldiers of the U. S. Army's 28th Division, Major Clifford G. Beese disclosed today.

"They won't have to make beds—but Sam wants his boys to do their own cleaning for themselves—but they will perform janitor duty, operate telephone switchboards and teletypes and fire boilers, the intelligence officer said.

Major Beese said the men would be hired from civil service lists through an appropriation just received from the federal government. They would also serve, he added, as clerks, stenographers, electricians, blacksmiths, watchmen and carpenters.

About 225 civilians will be hired for these jobs "in the near future," he said. The allotment is part of $30,000 provided by congress for the Third Corps area.

In addition to Indiantown Gap, other military posts sharing in the Third Corps area's allotment include Fort Belvoir, Carlisle Barracks, Fort Eustis, Camp Lee, Fort Meade and Fort Monroe.

The officers estimated that in the Third Corps area approximately 3,500 soldiers will be replaced by civilians by September 1.

Estimates of costs indicate that there are economic advantages in this plan, army men here point out. Most of the civilian employes will get about $1,440 a year. Some in higher grades will get $1,510. Among the men who will be replaced are master sergeants, whose pay is $1,500 exclusive of food, clothing and medical allowances.

Russell

Russell, Aug. 14—There will be an ice cream social on Weatherby's lawn Main St., on Friday evening, sponsored by the Ladies' Aid Society of Russell.

The regular meeting of the Ladies' Aid Society will be held at the home of Mrs. Marvin Kelley Wednesday. A picnic dinner will be served at one o'clock. There will be election of officers.

Mrs. Herbert Dunn and Miss Alice Fehlman are spending the week with relatives at Crown Point, Ind., and East Aurora. They were accompanied by Mrs. Dinsmore of DuBois.

Rev. and Mrs. R. S. Naylor will spend their vacation at Kane.

Mr. and Mrs. Bernard Young are spending two weeks at Kane.

Mr. and Mrs. Earl Bennett of Jamestown were guests of Mrs. Clara Wright during the past week.

GRANGE GROUP HOLDS MEETING AT YOUNGSVILLE

Youngsville, Aug. 14—A very interesting program was given on Tuesday evening at the Broken-straw Grange, under the direction of the lecturer, Mrs. Ernest Crull, with the program subject "Making Homes." The program opened with singing of "Home Sweet Home" and other songs used were "Old Folks at Home," "Home In the Grange" and "God Bless America."

At the roll call each member responded by naming something which contributes to a real home. Poems concerning home were read by Mrs. Helen Johnson, R. S. Hartley, Mrs. H. H. Husted, Mrs. Donald Warner and Mrs. Lettie Mead.

An article on "Home and Government" was read by Mrs. Nick Finlan and an original essay on "Going Home Time," was read by Mrs. Crull. A trumpet solo was played by Gene Warner and a trombone number by Carleton Olson.

At the business session plans were made for providing a booth at the Youngsville Community Fair and for a bake sale Saturday of this week at the Johnson Brothers' store.

Refreshments were served by Mr. and Mrs. Ed Patch and Mr. and Mrs. Roscoe Patch.

ON RIDING TRIP

Miss Marjorie Brazee, Mrs. Ralph Ludwig, of Youngsville, and Miss Olga Olsen, of Jamestown, are now on a riding trip. They left Youngsville the last of the week and have now ridden their horses to Peninsula Park, Erie, where they will be for two or three days riding about the trails on the Peninsula before their return trip to Youngsville. They expect on their return to Youngsville to have ridden over two hundred miles, nearly all the way on unpaved roads or trails.

INVITED TO ERIE

The ladies of the Youngsville Business and Professional Women's Club have been invited to attend a basket picnic at 6 p. m. Saturday, August 23, at the Peninsula Park, Erie, with the Senior B. P. W. Club of Erie the hostess organization. A tureen, bread and butter and table service are to be provided by each guest.

BRIEFS

Mr. and Mrs. George Edgett, of Tulsa, Okla., are guests of Mr. and Mrs. Victor Midwell and other relatives in town this week.

Mrs. Sarah Finlan, William Starr and Miss Betty Mourer, of Pittsburgh, and Mrs. Albert Starr, of Chester, W. Va., were weekend guests of Mr. and Mrs. Nick Finlan.

Mr. and Mrs. Earl Walters and family are spending this week at Canadohta Lake, and Mr. and Mrs. Leo Johnson and family are spending the week at Vukote on Chautauqua Lake.

Guests Tuesday at the home of Mr. and Mrs. R. L. Mead were Mr. and Mrs. Boyd Haag of Pittsburgh, Miss Wilimena Wolfe, of Buffalo, and Mr. and Mrs. Harry Haag, of Lakewood.

It was cold in Youngsville Tuesday night. It is rumored that some gardens were touched with frost and that cars were seen passing through at night with frost upon them.

PAYMENTS RISE IN COUNTY FOR INITIAL PERIOD

In the first 15 months of operations on a monthly payment basis, the annual rate of federal family insurance payments in Warren county rose to $30,408.

This figure was computed today by Bernard A. Farabaugh, manager of the Erie office of the Social Security Board, on the basis of statistics just received from the office of Regional Director William L. Dill, in Philadelphia. The sum reflected insurance in force as of March 31, 1941, under the old-age and survivors insurance program of the Social Security Act. It did not include any of the public assistance allowances under federal-state programs.

In Warren county, 139 men, women, and children were receiving monthly checks amounting to $2,534 at the end of March. The figures are growing daily as more workers retire or die, Mr. Farabaugh said.

The new statistics revealed a net increase of 34 in the number of beneficiaries and of $600 per month in payments during the first three months of 1941.

Monthly payments were distributed as follows: To 76 retired workers, $1,729; to 34 aged wives of retired workers, $400; to 3 aged widows of insured workers, $57; to 7 younger widows with dependent children, $128; and to 19 dependent children of insured workers who have died or retired, $219.

Mr. Farabaugh urged all widows who have not already done so to inquire concerning possible benefits for themselves and their children, provided their husbands died after the last day of 1939 and had worked in employment covered by the old-age and survivors insurance provisions of the Social Security Act. He pointed out that, in some instances, widows have lost some of their payments by failing to file claims promptly.

"There is no time-limit on filing widows' claims", Mr. Farabaugh said, "but there is a three-month limit on back payments. Thus, if a widow waits more than four months after her husband's death to file a claim, she will lose some monthly payments if she is entitled to such payments. That happens occasionally, and we desire to prevent this wherever possible. Our office is in position to give any widow full information and assistance on claims, and we welcome inquiries in person, by mail or by telephone."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

State Agricultural Conservation Chairman Issues Statement About Wheat Marketing in Pennsylvania

Declaring that criticism of wheat marketing quotas has come from those who have deliberately evaded the real issues involved and from a small minority of wheat growers who were profiting at the expense of their fellow farmers, James E. Walker, Chairman of the State Agricultural Conservation Committee, today issued a statement outlining what he termed the real facts involved and at the same time commending the present cooperation of most of the wheat growers who previously had not participated in the Agricultural Conservation Program. Chairman Walker's statement follows:

"Criticism and condemnation of wheat marketing quotas appearing in a number of Pennsylvania publications is becoming increasingly conspicuous by its deliberate [illegible] of the real facts involved [illegible] issue.

"It is significant that within the past twenty-four months these same critics were branding the AAA as a program of scarcity. They now bewail the fact that the supply of wheat is greater than prospective consumption will require, attempting to place the blame for the surplus upon those who plan the farm program. Likewise, by implication, they blame the farmers participating in the AAA who believe in cooperative enterprise and who have adjusted their wheat acreage in order to maintain a profitable market price for their wheat crop.

"The plain truth of the case is that a minority group of farmers knew that the Commodity Credit Corporation was placing a bottom under the price of wheat equal to the crop loan offered to cooperating wheat farmers in the AAA. They also were aware that the loan-supported price guaranteed them a profit on their production. It did not require superior intelligence to reach the conclusion that a minority group could grab a larger share of the wheat market by increasing their production and keeping the price range within the differential between the loan rate and the loan rate plus storage charges for wheat stored as collateral security for the loan.

"Obviously farmers having wheat loans would not redeem their wheat unless the price would advance to a point above the loan rate plus accrued service charges. Naturally, it was assumed by those opposing the AAA that the cooperating farmers would not discover that the non-cooperative farmers were effectively pegging the price paid the cooperator at the loan rate, while the non-cooperator, in many instances, would receive a price equaling the loan rate plus service charges on stored wheat, and it was further assumed that Commodity Credit Corporation would continue to absorb the increasing surplus resulting from increased acreage planted by non-cooperating farmers.

"On May 31, the issue as to whether the wheat program should be scuttled or whether all commercial wheat growers should be held equally responsible for the continued production of wheat prices from which all growers benefit, was placed before the farmers by referendum.

"An overwhelming majority of the farmers voting expressed their desire for continued protection. And the most gratifying aspect of the issue is that an even larger majority of the wheat farmers, who were not cooperating in the AAA, are now facing the issue fairly and are assuming their share of the responsibility in the same spirit that has impelled the American farmer to feed the people, irrespective of prices, through every panic and depression that has yet befallen our Nation.

"In most cases where farmers have protested the regulations of the wheat marketing quotas, these protests have come from the small minority who, by reason of the overwhelming decision of their fellow farmers, are now no longer able to enjoy the advantage of raising, in most cases, more wheat than the history of the farm justifies and selling it at a high price created by the sacrifice and cooperation of the great majority.

"Perhaps it would be well for these critics to keep in mind that no group in our national entity has demonstrated more implicit faith in the philosophy of life by helping others live than has the farmer. And the public can rest assured that when the present 'noise' ceases, a more united, cooperative and efficient farmer group will be providing it with three square meals a day at prices sufficient to provide a reasonable standard of living for the farm family."

EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, Aug. 14—When the war is over and there are thousands of airplanes, aircraft factories, pilots and ground crews sitting around looking for work, it can be safely predicted that there will be a big boom in commercial and private flying. One field where a lot of this extra equipment and personnel may find employment is in the further expansion of air mail and air express pickup service to small communities.

This nitty is doing all right as it is in competition with the war so to speak, and it observed a kind of unofficial birthday Aug. 12 when the five routes now giving regular service to 109 cities in a triangular area roughly bounded by Wilmington, Del., Jamestwon, N. Y., and Huntington, W. Va., will have been in service under government contract for just a year.

Operating method of the system is of course fairly familiar to everyone. A plane swoops low over any designated pasture, and drops off its sack of mail without landing. On the ground, two poles 20 feet high and 20 feet apart are stuck in sockets. Their tips are connected by cable to which is attached the pouch of outgoing mail. By an ingenious simple hook, lowered through a trap in the bottom of the fuselage, the pickup line is caught and the pouch drawn up to the plane by an electric winch.

The transfer is made while the plane is going more than 100 miles an hour. Smudge pots help the pilot locate the poles when visibility is poor. Besides the pilot, each plane carries a crew of one to operate the winch.

Pioneer in the development of the pickup service is Richard C. du Pont of the Delaware du Ponts, whose All American Aviation, Inc., holds contracts for the five Pennsylvania and West Virginia routes now operating. Young du Pont was a glider enthusiast who developed the equipment now in use and sold his idea to the government.

The combined mileage of the routes was a little less than 1000 and the country flown over offers some of the toughest flying weather in the United States as it is largely the area of the Alleghenies which in the old days of early commercial flying was called the graveyard of hell's sctretch. The experience of these first two routes was so good that when the contract was renewed, it was extended to five routes, with two flights a day, one in each direction.

Some of the experiences of the operator have been noteworthy. During the particularly bad winter of 1940, there were days when heavy snow grounded the big commercial liners, but the pickup planes, not having to land, kept right on with their mountain hopping. When flood hit the Ohio Valley, it was sometimes necessary to go out in rowboats to erect the poles for pickup. Not a single crackup or casualty has been reported, though the planes are single motored affairs not licensed for commercial passenger carrying. Night flights have been conducted experimentally, with neon lights to mark the poles. Parachutes were used to lower fragile pouches.

In addition to the five routes which it now has in operation, All-American has on file with the Civil Aeronautic Board applications to extend its service to 237 communities in states where it now operates and in New Jersey, Connecticut, Rhode Island and Massachusetts. And nine other companies have filed with CAB proposals to extend the service into 26 other states. If they should all be put in operation, nearly 1400 of the smaller cities, not now on regular commercial airlines, would have the advantage of air contact through feeder lines that would tie them in with the nation's air route network.

The over-all picture on that network now is that the passenger lines serve about 250 cities which are big enough to offer passenger revenues that make profitable operations. There are 3500 other cities of more than 2500 population to which the air transport system has been more or less meaningless because of the time it took to make ground contact with the airports. Pickup air service is intended to bridge the gap.

Rep. Jennings Randolph, of Elkins, W. Va., claims to be the father of the service in Congress and he is backing further expansion. His checks now show that the cost of the service runs about 40 cents a mile, and that revenues and increased air mail business of from 47 to 93 per cent is reported from the cities now served, making the operation profitable to the government.

One pet dream of the Postoffice Department is that some day, all first-class mail in the country will be handled by air.

Parley Held At Invitation Of President

(From Page One)

American leaders sped around the warring world.

The Roosevelt-Churchill conferences, which were attended by ranking officials and military naval and air experts of both countries, were reliably reported to have lasted at least two or three days.

But neither the time nor the place of the meeting was disclosed here immediately.

Now there would be no surprise in London if a further announcement were made that Roosevelt and Churchill had sent personal assurances to Joseph Stalin and the Russian people that Britain and the United States will give the U. S. S. R the fullest industrial cooperation in arming and supplying the Red army, air force and navy.

News of the meeting was broadcast by radio to Britain by Lord Privy Seal Clement Attlee, who has been acting as Churchill's deputy in his absence.

Workers in factories and workshops throughout the country heard Attlee by radio instead of their usual "music—while-you-work" program. In some factories machinery was stopped or otherwise made quiet so that the workers could listen.

With the entire nation warned a day ahead of time to stand by for a "momentous announcement" dealing with the war effort, radios in millions of homes and in offices and shops were tuned to the broadcast.

Short wave transmitters in addition carried translations of the deputy prime minister's words to Germany, France and other parts of the world.

It was firmly believed by many competent observers that although the eight points—which they regarded as strongly reminiscent of Woodrow Wilson's famous fourteen points in the first World War—dealt mainly with general phrases, the meeting was marked by adoption of a "down to brass tacks" attitude in dealing with the Japanese.

The presence of United States Lease-Lend Administrator Harry L. Hopkins at the meeting, an American source said, "assured a full and complete picture of the Russians' war needs, for war not only on one front but in Siberia if necessary."

Hopkins had returned to London from Moscow shortly before leaving with Churchill for the meeting at sea.

Japanese here declared that announcement of the meeting was not news to them and probably not news to Tokyo since the first admissions in the Japanese press that Britain and the United States were jointly opposing Japanese expansion southward appeared "after it was pretty certain that Churchill and Roosevelt were meeting."

It was reported reliably that Churchill probably would broadcast a statement on the meeting "in due course."

Presence of high-ranking officers of the five fighting services of the two nations implies, one source asserted, that there would be at least the groundwork for active cooperation, if not staff talks, should the United States enter the war.

Churchill and Roosevelt met with the full knowledge of the British dominions, it was said in Canadian circles, but the historic eight-point declaration was described ostensibly as an agreement between the United States and the United Kingdom.

Berlin, Aug. 14—(AP)—The first authorized German reaction to the war aims statement of President Roosevelt and Prime Minister Churchill was that the whole declaration was a "propaganda bluff."

"Churchill and Roosevelt are unfortunate in their declaration being made at a time when every hour brings new reports of impressive successes for German arms in the Ukraine," one spokesman asserted.

Previously, there had been only DNB's brief, factual report that the United States president and British prime minister had met and issued their joint statement.

Destruction Of Nazi Tyranny Foremost Aim

(From Page One)

historic meeting at sea, that "after the final destruction of the Nazi tyranny" the disarmament of aggressor nations "is essential" pending the establishment of "a wider and permanent system of general security."

The eight points on which the president and Mr. Churchill agreed to "base their hopes for a better future for the world" were:

"First, their countries seek no aggrandizement, territorial or other;

"Second, they desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned;

"Third, they respect the right of all peoples to choose the form of government under which they will live; and they wish to see sovereign rights and self government restored to those who have been forcibly deprived of them;

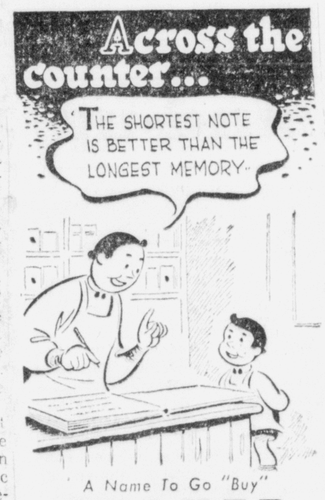
"Fourth, they will endeavor, with due respect for their existing obligations, to further the enjoyment by all states, great or small, victor or vanquished, of access, on equal terms, to the trade and to the raw materials of the world which are needed f their economic prosperity;

"Fifth, they desire to bring about the fullest collaboration between all nations in the economic field, with the object of securing, for all, improved labor standards, economic advancement and social security;

"Sixth, after the final destruction of the Nazi tyranny, they hope to see established a peace which will afford to all nations the means of dwelling in safety within their own boundaries, and which will afford assurance that all the men in all the lands may live out their lives in freedom from fear and want;

"Seventh, such a peace should enable all men to traverse the high seas and oceans without hindrance;

"Eighth, they believe that all of the nations of the world, for realistic as we as spiritual reasons, must come to the abandonment of the use of force. Since no future peace can be maintained if land, sea or air armaments continue to be employed by nations which threaten, or may threaten, aggression outside of their frontiers, they believe, pending the establishment of a wider and permanent system of general security, that the disarmament of such nations is essential. They will likewise aid and encourage all other practicable measures which will lighten for peace-loving peoples the crushing burden of armaments."



The White House statement said only that President Roosevelt and Prime Minister Churchill "have met at sea" without indicating where the unprecedented conference occurred. It said they were accompanied by high ranking officials, including Beaverbrook, but there was no specific mention in the announcement of Harry Hopkins, lease-l administrator, whose whereabouts also have been a mystery since he flew back to London after talks in Moscow with high Soviet officials.

Mr. Roosevelt left Washington August 3 for what was announced as a short vacation cruise and some fishing somewhere off the north Atlantic coast. He left his special train at New London, Conn., and boarded the presidential yacht Potomac.

The ship was not many hours at sea before the first vague rumors were born, and they multiplied with each passing day.

and others more than half, of their make-up."

The newspaper went on to detail German units which, it said, "have felt the full strength of Soviet arms" and have left "the old Napoleonic road strewn with the corpses of tens of thousands of German soldiers."

Germany's best divisions either have been destroyed or "are losing blood," Pravda declared, and "the German army is throwing into battle new reserves "after taking smashed divisions to the rear, reforming them and sending them back to the fighting fronts.

"The German army still is powerful," it conceded, "but the myth of the invincibility of German arms is crushed once and forever."

The Soviet Information Bureau's communique, again reporting "nothing of importance occurred" during the night, avoided mention of fighting sectors and said only that the Red air force was cooperating with land troops in attempts to halt the Nazis.

Earlier information indicated Soviet forces were fighting to stop a German threat to the Moscow-Leningrad railroad. A communique said some Nazis had reached the area of Staraya Russa, 80 miles from the rail line and 140 miles southeast of Leningrad.

Berlin, Aug. 14—(AP)—The Nazi high command announced today that Odessa, Russian port on the Black Sea, had been encircled by Rumanian forces in collaboration with the drive of German, Italian and Hungarian troops in the southern Ukraine. Nikolaev, near Odessa, was also reported ringed.

Germans and Hungarians were said to be holding Nikolaev in a vice, while west of the Bug river a large part of the Red army faced annihilation.

The special communique contained the first official mention of active participation by Italian troops against the Russians.

Berlin, Aug. 14—(AP)—Red Army forces trapped in the southern Ukraine by the advance of the German army to the Black Sea are preparing an attempt to escape by sea, the German High Command reported today and the luftwaffe is pounding their transports anchored along the coast.

German and Rumanian forces have reached the sea between the great Soviet port of Odessa and the Bug estuary in a "continuous, relentless pursuit in the Ukraine," the war bulletin from Adolf Hitler's headquarters said.

"The airforce yesterday struck severe blows against transports held in readiness for the flight of Soviet troops in the coastal areas of Odessa and Nikolaev," it went on.

"Two transports totaling 14,000 tons were destroyed and five additional large ships were badly damaged."

German infantry was said steadily to be tightening its arc around Odessa and advancing steadily toward Nikoleav, 65 miles further east, after annihilating a strong rearguard covering retreating Red Army forces.

Informed sources intimated a showdown was impending in the gigantic struggle raging in this sector, but expressed belief the Russians would put up the stiffest kind of fight to hold both Odessa and Nikolaev.

He said there was no reason for despair but to study the causes of defeat in order to avoid them in the future.

"This meditation surely will incite you to align yourselves among the best workers for the national revolution in discipline, confidence and optimism," he declared.

"Good labor on farms is now almost unattainable."

Before the hearing opened, Edwin H. Ridgeway, secretary of the commission, predicted there would be a state-wide increase in retail milk prices.

The commission has already granted increases in the Philadelphia, Scranton, Erie, Pittsburgh and southwestern areas. The latter two become effective Saturday.

Producers and dealers in the Williamsport, Sayre-Athens district yesterday urged a price boost with the consumers footing the bill.

With Governor James away on vacation, the Joint State Government Commission disclosed it has charted a dozen investigations reaching into practically every department on capitol hill.

The commission's director, Paul C. Moomaw, explained, however, that the number completed during the next two years depends entirely on how long a $50,000 appropriation will last.

In Harrisburg for a meeting of the General State Authority, Elmer Kilroy, speaker of the house of representatives, disclosed that a site has been chosen for a new executive mansion for the governor.

Arrangements have been practically settled, he said, for purchase of the land located about 20 blocks from the capitol.

The conference is a parallel to the meeting of SWOC presidents from U. S. steel corporation plants last March to define the union's policy on the wage agreement then under negotiation. In April the industry granted a 10-cents-an-hour wage increase.

In the case of "big steel," however, the contract signed in April replaced a former contract. There are no existing contracts with "little steel."

Last March the SWOC asked Republic, Inland and Youngstown Sheet & Tube to sign contracts embodying the same nine-point program served on "big steel."

Creal Returns To Be Medalist In Golf Event

"Tim" Creal, who has not competed for the golf championship of the Conewango Valley Country Club for the past two seasons but who had twice been champion before 1939, became the hot favorite to regain his laurels when he shot 38-38-76 to cop the medal honors in the qualifying round over the weekend.

The 76 gave Creal a three-stroke advantage over his nearest competitor and most dangerous rival for the links honors, Dr. William F. Graves, Pennsylvania State Dental Society golf titlist for the past two years. Graves shot 40-41 for an 81.

In third spot for the qualifying round was Harry W. Conarro with 83, while Marshall C. Parshall, 1940 runner-up scored 85 for fourth spot.

First round matches begin today and must be completed by Monday of next week.

Pairings for the three flights in which 43 golfers are competing are as follows:

COACH LEIDIG IN THIRTIETH YEAR HERE; DRAGONS MEET ACADEMY ON LABOR DAY; SQUAD MAY BE GREEN, BUT HARDLY YELLOW

When the first practice starts at one o'clock in the afternoon, Monday, August 25, the thirtieth year of coaching will be officially ushered into this community for the veteran J. B. "Jake" Leidig, and another successful year is looked for. Warren is fortunate to have such a mentor as "Jake", and no other athletic head in this section of the state is respected more than he. Through all his years as coach, Leidig has accomplished more than just put a winning football combination on the gridiron for Warren, and it is this extra bit he does for every boy under his guidance that causes all of us who are personally acquianted with him to hold Leidig in such high esteem. Year after year words are written in praise of the Dragon grid prof, and writers will never be able to express just what they feel in regard to him. But "Jake" is starting year No. 30 as local scholastic coach, and he'll be combining his efforts and strategy to produce a winning combination from "scratch", so to speak. He'll be doing all he can again, for that's the way Leidig always has been, so let us make it a big year for Leidig.

The opening game for the Dragons, incidentally, will be with Erie Acadamy again on Labor Day, and it will mark the fourth successive year in which the Blue and White has opened its books with the Lions as opponents. Then on Saturday, September 6, the locals will meet Youngsville in the twentieth consecutive contest between the two schools. Warren has never been beaten by the Eagles, but the smaller school has been able to hold Leidig's charges to deadlocks at various times. Following the Youngsville game, the Dragons go on to meet Girard, Kane, Titusville, Oil City, Jamestown, Bradford, Franklin and Meadville in what shapes up to be another tough schedule and another interesting program for scholastic grid fans. With only Dick Johnson, the one returning letterman, and Ken Patchen within the fold to rely upon because of their experience, the first few games may go overboard before a competent lineup is found, but we're not so sure, as we've been looking over those names of candidates, but what Leidig will look more like a magician when the schoolboys start winning in a season that will be remembered as the year when the school grid color was mainly green. However, as long as it's green and not yellow, this community won't have too much to worry about in their prayers for a couple of victories.

We hate to be pushing baseball off the sports page in the early part of August, but in Warren, and lots of other places, that's when the grid season starts warming up to replace the diamond sport in the sport spotlight. So, while we're on football in this pillar today, let's take a peek at the high school managers. Chuck Hoffecker, first on our list, will be remembered for his swell play in the Bradford game last year and in many other tussles, and should serve in his new position very capably. Chuck knows the sport, can understand the players' actions, and will be a necessary cog in the Dragon wheel of progress this fall. Don McComas is an example of one of the most rabid sports followers and athletes in recent high school history. He's been out for football every year for four years, and this year, not being eligible, will be ready to take over chores as manager and do his job well. And Ben Taylor, another example of the true spirit of an athlete. He was on the squad three years up to now, and knows the value of training, therefore being an important lad as manager in keeping this year's squad in tow. While we don't believe there are going to be any trouble-makers, the three new managers seem to have been well picked, in this corner's candid opinion, and should give Leidig every bit of assistance he'll need.

Semi-Finalists Clash Tomorrow In Net Tourney

The City-Wide Tennis Championship tourney took on more interest last night as matches tightened to some extent, and a few upsets found their way into the eliminations.

Johnny Anderson disposed of G. Brown yesterday afternoon 3-6, 6-2, 6-2, but was eliminated himself in an evening second round match with Frank Irvine, last year's county champions, by scores of 6-2, 6-0.

Stan Korb turned back "Jake" Leidig 6-1, 6-4, in a first round match, and Dick Ross scored what many called an upset in beating the highly touted Osborne in straight sets, 6-3, 6-3. "Jap" Conroy bettered Murray Anderson in one-two fashion with little trouble, 6-1, 6-2.

Tonight there is only one match scheduled, that to be played on the Y. M. C. A. court at six o'clock. Red Mullen will meet Stan Korb in the last second round match to set the stage for tomorrow's finals.

Irvine will meet the winner of tonight's Mullen-Korb setto at six o'clock tomorrow evening on the Hospital court. Ross and Conroy go at the same time on the "Y" clay.

The finals will be held over until Monday, and the court has not yet been decided by the committee, though the hospital layout is expected to get the nod, being better prepared to handle a crowd and more adapt for playing as it is laid out north-south instead of east-west as is the "Y" court, giving players the advantage of not having to face the sun.

Twenty-Five Compete For Amateur Today

Philadelphia, Aug. 1—(AP)—Twenty-five amateur golfers from eastern Pennsylvania, Delaware and southern New Jersey compete today for five places allotted the Philadelphia district in the National Amateur at Omaha later this month.

Headed by W. B. "Duff" McCullough of Philadelphia, who finished runnerup to National Champion Dick Chapman a year ago, the 25 will struggle over 36 holes at the Aronimink Golf Club course in suburban Newtown Square.

Other outstanding entrants include: Harry Haverstick, Jr., of Lancaster; Frank Allan, Pittston; Johnny Markel, Reading; and John Penrose, of Merchantville, N. J.

FORFEIT GIVES CASEYS SECOND HALF GONFALON

The Knights of Columbus softball team was presented with the second half title in the City League last night as St. Joe's gave them the final playoff game by forfeit.

Only seven men were on hand for the losers, forcing them to take on three players, at least, to be able to play. League rules state only one player may be picked to fill an incomplete lineup, thus the forfeit.

Tonight opens warfare in the deciding of the first half with this evening fracas scheduled between The Caseys and the Recreation Center. If the latter club cops tonight's game, they will be first half winners. In the event that the Caseys claim the decision, the Elks and St. Joe's will tangle tomorrow night, the winner to meet the Recreation Center for the first half gonfalon.

Next week the winners of the two halves will mix to decide the league title, probably under the provision that the first to win three out of a maximum five contests, though definite word has not been issued.

the same. Both provide an additional 18 months of service for Selectees, National Guardsmen, Reservists and enlisted Regulars. Both likewise would grant a $10 a month pay boost to all after their first year of service.

Normally, the procedure would be to send the bill to a joint conference committee of the two chambers to compromise the differences. However, that would give the house another chance to vote on the bill when the compromise version came up for approval—and administration supporters were not enthusiastic for that after their narrow original victory. On the other hand, if the senate agrees to the changes, it will obviate the need for any conference compromise.

FAVORITES IN RECOVERY MOVE

New York, Aug. 14—(AP)—An assortment of stock market favorites managed to creep into recovery territory today, but many leaders were left at the post.

Bidding for rails did much to improve the general tone of the list and, near the final hour, fractional gains predominated. Dealings, exceptionally slow in the forenoon, picked up moderately for a brief interval after mid-day. Transfers were at the rate of approximately 450,000 shares.

42 Business Places Participating in Warren's Dollar Days

farther than usual because timely merchandise is offered at especially attractive prices. This occasion is no deviation from that reputation.

This issue of the Times-Mirror is packed full of detailed information concerning the plans that 42 local places of business have made to carry on the reputation of Warren Dollar Days. A study of the advertising pages will tell the story of opportunities such as may not be enjoyed again for a long time. Every line is a potent money saver at a time when the populace has occasion to worry about saving money.

Almost every line of merchandising is represented by the 42 participating business houses. Hardly anything can be desired or needed that will not be found listed among the things offered in the Friday and Saturday sales. Furthermore, merchants cognizant of the situation, expect that the Dollar Days will be patronized heavily—perhaps records will be broken—and they have prepared to cater to unusual demands with all of the service and efficiency that has come to be a hallmark of these events.

Given favorable weather, it is likely that records will be broken. The weather man is expected to cooperate to permit shoppers to come from miles around to enjoy the harvest of bargains.

The wise shopper will give close study to the store news in this issue of the Times-Mirror and map out a plan of action for Friday and Saturday so that fullest advantage of all the sales can be taken.

Places of business which are participating in the Dollar Days include the following: A. & P. Super Market, Baker's Cleaners, Bartsch Furniture Company, C. Beckley, Inc., Betty Lee, Bayer Furniture Co., Brown's Boot Shop, Inc., Community Consumers Discount Company, Cook's Boot Shop, Danielson-Carter, Darling Jewelry Co., R. G. Dawson Co., E. D.
